

2026 FRAMINGHAM YOUTH HOCKEY PROGRAM SCHOLARSHIP AWARDS

The Framingham Youth Hockey Program (FYHP) is offering scholarship awards to qualified, graduating high school seniors who have been members of FYHP and will be attending an accredited 2- or 4- Year College, attending an accredited trade/vocational school, attending a preparatory school to further their education after graduation, or pursuing full-time employment.

Awards may be granted to students graduating from high school this year who have been an active participant on a team in FYHP for a minimum of three years (not including Beginners/Learn to Play/Beginners House League) and are in good financial standing with the program. These years need not be consecutive. Applicants who are no longer playing organized hockey or who are not playing with FYHP currently remain eligible to apply. Schools of choice must be accredited as either a 2- or 4-year program, accredited trade/vocational school, or an accredited preparatory school, although applicants who will be seeking full-time employment after high school are also eligible. The scholarship committee seeks a well-rounded student to be a scholarship recipient. Dedicated commitments to schoolwork, the FYHP community, and service to others weigh heavily in award selection. In addition to these requirements, applicants must provide:

1. A copy of your most recent high school transcript. **Report cards are not sufficient**
2. A typed essay describing how your experience with FYHP has helped to shape you into the person you are today, emphasizing your contributions (past, present and future) to FYHP and your community. (NOTE: do not use your personal essay from your college application)
3. A letter of recommendation from a high school faculty member.
4. A letter of recommendation from an FYHP coach or someone who is familiar with your participation in the program.

An application is included with this notice. You can also download the current 2026 application from the FYHP website at www.framinghamyouthhockey.org. Please contact Brian Downey with any questions at bdowney572@yahoo.com.
