

2025 Board Member Application

Name: Patti Wulf

Email: wulfpatti@gmail.com Phone: 712-339-5257

Any children currently/previously in LAHA (level) Karter, Sophomore Mammoth player

What is your motivation to serve on the board?

My motivation to serve on the board stems from my desire to grow our association for the younger players moving up in age. I would also like to assist in finishing the projects started on our building to create a better facility for our youth players. My family has been a part of Lakes Area Hockey Association for 11 years and have been very dedicated to helping grow our program.

What skills/experience can you bring to the LAHA board?

I previously served as volunteer coordinator for LAHA for approximately 6 seasons. I also have previous experience on the board from stepping in for one season when previous board members had resigned mid term.

What do you hope to accomplish by serving on the LAHA board?

The main goal in serving on the board would be helping the youth players have a great association that they can be proud of and grow with. To make LAHA the best it can be, we need great coaches and volunteers that are there for the kids, I wish to help encourage our coaches and volunteers that are there for the right reasons. My family has spent countless hours at the rink and will work hard to assure this is a positive place for younger players and older players alike for many years to come. I hope to assist in updating current policies to align with like associations and promote what is best for the kids and LAHA for the future.

In your opinion, what are the pressing issues of the association are and how can you help with moving those issues forward? What will you bring to the board to help assist with any of the pressing issues listed below on page 4?

Updating the policies and procedures is one of the most pressing issues in our association. Updating or re writing our current policies will help grow our association as well as align us with other associations in our current districts. If elected to the board I will assure to keep the policies on the top of the agenda and do my best to assist in changing to make the future of LAHA more productive.

I am not currently sure what is left of the Phase 3 capitol campaign; however I will review and work towards completing with the board and committees. I will also assist in completing current projects such as girls locker room/ref room and making our building more handicap accessible.

Are you able to meet the expectations of LAHA board members listed below on page 4?

I have no doubt I am able to meet the expectations listed for board members.
