STUDENT-ATHLETE OF THE MONTH FOR JANUARY

Congratulations Ryan, our first student-athlete of 2025!

In the classroom, Ryan demonstrates incredible focus and time management. The only time didn't hand his homework in on time, was when Ms. Shannon helped and didn't submit it correctly.

Ryan loves dogs, especially his Doberman. When he isn't playing baseball, he enjoys spending his free time with his family and friends.

Ryan enjoys traveling and his family have prioritized a lot of international travel. He loves the beach and snorkeling. He once caught fish with his bare hands. He is a proud uncle and great with little kids. He started playing baseball at age 8 and really never stops. While he does well academically, he has always said recess has been his favorite school subject, followed closely by gym. Summit Academy Sports is an amazing opportunity for him to experience a school that really allows him to balance school work, with a strong emphasis on athletic development.

RYAN DE ARAUJO

STUDENT-ATHLETE OF THE MONTH FOR FEBRUARY

Bralen is a senior guard for CO Prep and currently resides in Centennial, CO. He began playing youth sports at age 9 and excelled in basketball and football. Bralen has solely focused on basketball since 9th grade and has a love for the game.

Outside of sports, Bralen is an academic scholar earning several awards and achievements while previously attending Cherry Creek High School which includes a selection for the Leadership Group for Diverse Students, National Honor Society, Who's Who Among High School Students, Dean's List, and an Academic Letter.

Bralen's hobbies include going to the gym, playing video games, and spending time with friends. His passion for basketball extends to training his twin sisters who are now embarking on their basketball journey.

Bralen has plans on obtaining an athletic scholarship and will attend college in the fall majoring in Business Finance.

BRALEN BROWN

WHAT IS CONCURRENT ENROLLMENT AND WHY IS IT A GREAT OPPORTUNITY FOR MY HIGH SCHOOL STUDENT?

Concurrent enrollment provides high school students with the opportunity to enroll in post-secondary courses and earn credit at no cost to them for tuition. Colorado data show that students in concurrent enrollment programs are more likely to enroll in post-secondary education, have higher post-secondary grade point averages and retention rates, and have a decreased need for remediation. Currently we have four Summit Academy Sports students doing CE courses online with Front Range College; Pre-Calc, Calculus, Intro to Stats and Business Management.

Concurrently Enrollment for Fall 2025

High School students planning to take CE courses next Fall **MUST** attend one of the upcoming meetings at the Summit Academy school in Westminster. Attendance is mandatory, for the student **AND** a parent. The meeting will be offered; Jan 30 or Feb 12 -- both at 3:30pm at Summit Community Room. For the students who are doing CE already, they do not need to come again.
