best interest of an organization, team, or group.

feedback from people, and can put that into the room to help the board represent the members.

How do you handle disagreements or conflicts when working with other adults who may strongly disagree with you?

As it relates to this position, seeking input and guidance from other members and the handbook that supports the situation, and understanding that these guiding documents require thorough review and discussion at the immediate start of the board year is critical.

Do you understand and commit to these expectations for the full term of service?

Yes

If no, please explain.

Do you acknowledge and accept these responsibilities?

Yes

If no, please explain.

Why are you seeking election to the FYHA Board, and what do you hope to contribute during your term?

I love the game, and am passionate about youth players having the best experience they can no matter their age or level. I have been on both sides now, and I have been through most of the levels and I want to continue to share my experience and the feedback from members into the future of FYHA
