| First Name: | Jordan |
| Last Name: | Webinger |
| Email Address: | Jordan.webinger@farmhockey.org |
| Phone Number: | |
| Number of years your family has been involved in FYHA: | 13 |
| Which board position are you seeking? | President (Must have served as VP in the prior 5 years) |
| Why are you interested in this role specifically? | <p>I'm interested in running again because I care deeply about our hockey community and the direction we're heading. Over my past term, we've made meaningful progress — strengthening our programs, supporting our coaches and volunteers, and creating a better experience for our players and families. I'm proud of what we've accomplished together, but I also see real opportunities to build on that momentum.</p> <p>Continuity in leadership allows us to complete the initiatives we've started and continue improving in areas like player development, financial stability, and community engagement. I've learned a lot in this role, and that experience puts me in a strong position to guide the association through its next phase.</p> <p>Most importantly, I'm motivated by the kids. Hockey should be a positive, inclusive, and developmental experience for every player. I want to continue working with our board, coaches, and families to ensure we're providing the best possible environment for them to grow — both on and off the ice.</p> |
| List children or dependents currently in FYHA and their level of play for the upcoming season: | <p>I currently have four kids involved with FYHA.</p> <p>Jayden JV Jamison Bantams Jolen Peeweess Julian Mite 3 Judson Mite 1</p> |
| Describe your prior involvement with FYHA (board service, coaching, volunteering, committee work, events, etc.). Please include approximate commitment and responsibilities. | <p>My involvement with FYHA has been both hands-on and leadership-focused. I have served on the board for the past seven years. Over the past year serving as president, I've worked to strengthen the association financially, operationally, and within the community. One of the biggest impacts was restructuring our jersey outsourcing, which now saves FYHA over \$40,000 annually — savings that directly benefit our players and families.</p> <p>Beyond financial oversight, I've been actively involved in improving our</p> |

facilities and overall player experience. I contributed to the locker room wall wrap and game curtain projects, donated the Schedule TV to enhance communication within the arena, and personally build the Dew Days float each year to ensure FYHA maintains a strong and visible presence in our community.

I believe leadership means showing up and doing the work, not just holding a title. My involvement reflects that — whether it's strategic decisions at the board level or hands-on projects that directly support our players and families.

Describe any leadership, volunteer, or board experience outside of FYHA that is relevant to this role (professional, nonprofit, school, community, etc.).

Outside of FYHA, I am a construction entrepreneur where I manage employees, oversee budgets, coordinate projects, and ensure work is completed on time and to a high standard. Running a business requires strong leadership, financial responsibility, problem-solving, and the ability to make sound decisions under pressure — all skills that directly translate to serving on a board and leading an association.

In addition, I have been a team manager for the past five years. That role has given me hands-on experience working with players and families, organizing team operations, supporting coaches, and helping create a positive team environment. It's allowed me to understand the association from the ground level — not just from a leadership perspective, but from a parent and team standpoint as well.

Both professionally and through volunteer roles, I'm accustomed to taking initiative, being accountable, and following through on commitments. I believe those experiences have prepared me well to serve effectively in this role.

What skills, experience, or perspective do you bring that would strengthen the FYHA Board?

I bring a balanced perspective — strategic at the board level and practical at the team level — with a focus on sustainability, accountability, and continuing to move FYHA forward.

Are there specific areas or committees you would be willing to support if elected?

I would support all Committees!

Board service sometimes requires supporting decisions that are unpopular but necessary. Describe a time when you had to make or support a difficult decision in the best interest of an organization, team, or group.

If you know, you know :)

How do you handle disagreements or conflicts when working with other adults who may strongly disagree with you?

When disagreements arise, I focus on listening first to understand the other person's perspective. I TR to separate personal feelings from the issue and look at what's best for the association and the players. I communicate clearly and respectfully, present my viewpoint with facts and reasoning, and remain open to compromise when it benefits the organization. Ultimately, my goal is to find common ground, maintain positive relationships, and make decisions that serve FYHA's mission.

Do you understand and commit to these expectations for the full term of service?

Yes

If no, please explain.

Do you acknowledge and accept these responsibilities?

Yes

If no, please explain.

Why are you seeking election to the FYHA Board, and what do you hope to contribute during your term?

I am seeking re-election to the board because I believe in the direction we are heading and want to continue building on the progress we've made. Over the past year, we've strengthened our financial position, improved facilities, and increased our community presence. I believe continuity in leadership is important to maintain that momentum and ensure the initiatives we've started continue to deliver long-term benefits and consistency.

Moving forward, I hope to further strengthen the association's financial stability, continue improving the player and family experience, and support policies that keep our program affordable, competitive, and community-focused. My goal is to help create a sustainable foundation that benefits not just today's players, but future generations as well.

Is there any additional information you believe is relevant to your candidacy for board service?

I am deeply invested in FYHA and the work we've accomplished, and I cannot stand by while that progress risks being lost. I'm committed to ensuring the association continues on a strong, positive path, with the right focus on players, families, and the community. My dedication goes beyond just holding a position — I want to see the initiatives we've started succeed and the organization thrive for years to come." we are the 'FARM'
