Actions:

Review and approval of minutes from the CSHL Annual League Meeting held May,10 2025. Motion to approve minutes offered by Brady Demell, second by Jim DiRosa. Minutes approved.

Pre-season scheduling was discussed. CSHL Commissioner Tim O'Shaughnessy thanked program leaders for submitting preseason ice slots in a timely fashion and in clean formatting. Tim reviewed the auto scheduling process. Reminded programs that submitting two blackout weekends for a team clogs up the process. A weeknight ice sheet per team is a catalyst for opening the scheduling process. Highly recommended and appreciated.

Jim Smith reminded programs of the pre-season scheduling day agenda. Pre-season scheduling event is Saturday, September 13, 2025, at BAM Arena, Strongsville.

Schedule for the day: 14U: 7:45 AM, 12U: 9:30 AM, 10U: 11:15 AM, 8U: 1:00 PM

Snake chart is available on website. Expectations are that all head coaches, team managers, HOPs and ice schedulers attend.

Programs were reminded about roster submission deadline on October 23, 2025, and that preseason rosters should represent the proposed regular season roster as much as possible to preseason to support the accuracy of the teams' RPI placement.

Requesting all programs and teams double check contact information posted on CSHL website.

A reminder for coaches and team managers to complete all USA Hockey requirements.

New business: Programs voted to allow an independent girl's flex team from Garfield Heights to attend regular season scheduling event to schedule non-league games.

Old business: Links to GameSheet training programs will be forwarded to program leadership.
