

9/21/26- Co-op Meeting

7:00pm-8:00:pm

Present: Whitney, Justin, Mitch, Kevin, John

Absent: Jeremy

Virtual meeting to discuss 3 player petitions from the peewee level to the bantam level. Reviewed handbook wording on rational for moving up an age bracket. At length discussions were had to determine if the skater meets criteria to move up based on skill, maturity, size/safety, and overall program numbers. This co-op board heavily weighed the development considerations of each individual skater as well as what is beneficial for the club. Insight from player development coordinator was factored into discussion as well.

Whitney called a vote by each member and results were as follows:

Player 1: Yes-6- Petition passes and will be allowed to try out at Bantam level

Player 2: Yes-1, No-5- Petition fails, skater will remain at the peewee level

Player 3: Yes-2, No-4- Petition fails, skater will remain at the peewee level

Whitney will send email to individual parents letting them know decision.

Justin makes a motion to review current by-law wording for next season with possibility to remove/change petition process to include: petitioned skaters must make the A team or be placed back to age – appropriate level. Vote tabled until review of bylaws in the spring.

Next meeting: TBD
