New Game:

"menu" NEW GAME? "enter"

That will reset the clock and score board then you set the clock.

Set Clock:

"set main clock" type in time you want example 1+5+0+0 for 15 minutes. "enter"

It'll ask about penalty, push "Clear/no"

Use box with toggle to start and stop clock. Can also use the green and red button on main controller but the toggle is easier.

Score +1 or -1 for home or guest

same for saves and let the book keeper know the saves at end of period and clear it

Penalties:

On either home or guest side push "player penalty". Then enter their number (1+2 for #12) "enter". 2:00 (minutes should be the default but if you need to enter the time enter 2+0+0) make sure you hit "enter" after this and it will go up on the board.

If the other team scores and you need to clear the penalty hit "delete penalty" then "enter".

If there is more than one penalty use the arrows to scroll through to the correct penalty.

If main clock time is going but penalty time isn't push "ENABLE PENALTY CLOCKS" button.

Team Name

"menu" then up button until you get to "Menu-Roster". See HOME hit "enter". Slide out the panel and use the keyboard to enter the name. Space bar will delete extra letters. "enter". Then it will say HOME on the screen, hit "enter". Then it will say SELECT GUEST, "enter", use keyboard again to write in name. "enter" should say guest, "enter"

Set Time of Day

Menu, arrow to SELECT TOD? "enter" push "1" for 12 hours or "2" for 24 hours. Then a time should show up on the screen. It should already be set unless someone has reset it. If it needs to be corrected plug in the time and hit "enter" push "2" to display the TIME OF DAY then "enter" (also "yes" is written below enter) to BLANK GAME DATA? out the score and just have the time displayed.

Code must be "EN"
