codyrechols@gmail.com <codyrechols@gmail.com>

Hello,

This letter serves as my application to the SYHA board of directors. I have been involved in SYHA for my entire life since my brothers played growing up, my husband coached the bantams and metros before we had kids of our own, and now with my two sons playing at the mite and bantam levels. My goals for serving on the board and long-term vision would be to improve community awareness and involvement, increase numbers, and making youth hockey more affordable and accessible for all. I have previously served as president of the Sioux City Center board of directors, was a member of the Siouxland Heart Association, and a volunteer for the Siouxland MS Society. I am currently CEO of Ear, Nose and Throat Consultants which brings with me a sense for business operations, financial operations and marketing.

Thank you for your consideration,
Ashley Mozak
