

Appleton Area Hockey Association (AAHA)

Request to Play Down / Play Up

Approved by: AAHA Board of Directors on 2/20/18

USA Hockey, WAHA (Wisconsin Amateur Hockey Association) as well as Appleton Area Hockey Association require that players play within their proper age division. There are situations in which it may be appropriate for a player to play at a level below that of their actual age. These situations are typically based on medical history and will consider the player's overall health and safety. A physician note may be required but is not necessary for this initial request. Potential risks to the safety of the player's teammates and opponents would also be taken into consideration and could affect the final decision. Please send your completed request to the Director of Program Operations at least three weeks prior to the start of evaluations.

Season: _____ Date of Request: _____

Player Name (please print): _____

Player's Date of Birth: ____/____/____

Date Player Started Playing Hockey (approximate): _____
