USA HOCKEY REQUIRES NECK LACERATION PROTECTION EFFECTIVE AUGUST 1, 2024

Sunday, January 28, 2024

COLORADO SPRINGS, Colo. – The USA Hockey Congress today approved legislation requiring the use of neck laceration protection for players in all age classifications, other than adults, in games and practices, as well as for on-ice officials under the age of 18, effective August 1, 2024. For clarity, the requirement includes players in the youth, girls and junior age classifications.

USA Hockey has long recommended the use of neck laceration protection, as well as cut-resistant socks, sleeves or undergarments. The USA Hockey Board of Directors asked the organization's Safety and Protective Equipment Committee in November 2023 to begin the process of recommending potential rule changes related to neck laceration protection.

Note from Wausau Youth Hockey - those without neck protection will not be allowed to practice or participate games.
