Fall league

Goat Volunteer hours:

Family 1 - 4 hours remain, medical exception, but could possibly help this fall, however the player may have quit,

Family 2 - Balance of 4 hours, after 4 hours were put toward the container. I think they should be at jeopardy of not receiving a scholarship next year.

Family 3 - Only fulfilled one, 2 hour shift, even with multiple reminders. I think this check should be cashed.

Family 4 - The family claims Jessica says they didn't need to do them. Jessica says that's not true. Messages below. I think we need to offer them a summer or fall opportunity, then cash their check if they don't help.
