

How To Enter Game Scores

Currently, scoring is not available on the Crossbar app so you will need to go to the web for this.

- Go to your Team page on the website (hudsonkiwanis.com)
- Click on the GAMES link
- Click on SCORE button
- Enter the game score

The SCORE buttons do not appear until the scheduled game time is over so you may not be able to enter immediately after the game ends.

The SCORE button appears grayed out but will allow you to click and then enter the score.

Go to hudsonkiwanis.com
