

Team Wisconsin and WEHL partner to bring back Wisconsin Hockey Club

Team Wisconsin and WEHL Partner to Bring Back Wisconsin Hockey Club

Team Wisconsin (TW) is excited to announce a new partnership with the Wisconsin Elite Hockey League (WEHL) to reintroduce the Wisconsin Hockey Club (WHC) program. This collaboration is designed to provide development and exposure opportunities for top players across the state.

Under the Team Wisconsin umbrella, Wisconsin Hockey Club will field two teams for the upcoming season: **14U** and **16U**. These teams will compete in two premier out-of-state events, including a weekend in the **Minnesota Prospects League** and another in Chicago at the **CCM World Invite**.

Participation in WHC begins with a strong commitment to the WEHL. All players must be active WEHL participants and are required to try out for the Wisconsin Hockey Club formerly WEHL All-Star teams on **August 9th**. Selection to a WHC roster will come from this process. Any named alternates for TW 14U and 16U teams are automatically part of the WHC roster. All TW main camp invitees WHC tryout fee will be covered by TW and player won't have additional tryout expense.

Players who earn a spot on a Wisconsin Hockey Club team will also gain access to additional development opportunities, including eligibility to participate in **Team Wisconsin Regional Practices**, further strengthening their growth and exposure within the TW program.

Team Wisconsin will provide experienced coaching staff to lead and manage both event weekends, ensuring a high-quality, consistent development experience. WEHL will also play a key role by assigning an assistant coach for each weekend to support team operations and player development.

This partnership represents a unified effort to elevate Wisconsin hockey and create meaningful opportunities for players to compete, develop, and be seen at a higher level.
