

A hockey player in a white jersey with blue and black accents is in the center of the frame, skating on ice. The player is wearing a black CCM helmet and Bauer gloves. To the left, another player in a red and black jersey is partially visible. The background shows a white rink wall with green lettering. A red and blue horizontal band runs across the bottom of the image, containing the text for the yearbook.

Todd
GUTTERMAN
PRESIDENT

Welcome to the 2025 Minnesota Selects Hockey Festival. It is incredible to realize that our Festival is still going strong and celebrating our **37th year** - Happy Anniversary to us!

Upon reviewing some of the names of players from our first years as well as our current rosters, it is so fun to see that generations of families have participated in our tournament. The excitement of playing in the tournament and the friends and memories made by participants from back in the day are now being passed along as many of those same players get to watch their children follow in their Festival footsteps.

The continued success of our tournament is due to the time, planning, and commitment of our devoted Officers and Board of Directors, volunteers, families and friends. It is because of their dedication and passion for hockey that our 680 players continue to have such a great experience, year after year.

We are extremely proud to continue our traditions such as no gate fee, high-quality jerseys with player names lettered on the back, our super-fun Saturday's Skills Competition with prizes, Sunday's awards program (including individual player recognition and a strong focus on recognizing our student athletes), and the college-level program with a complete history of the Festival's participants.

On behalf of Minnesota Selects, I want to thank everyone for participating in the Festival. We hope you enjoy the experience of another exciting weekend of Minnesota hockey!

Best Regards,

Todd Gutterman
President
Minnesota Selects

TOURNAMENT RULES

1. Seventeen (17) players will be rostered and dressed by each team for each game. Not more than three rostered adults (coaches and managers) will be allowed in the players box while the games are in progress.
2. Each game will consist of two stop-time periods. Each goalie will play one period of each game. Teams do not change ends at the end of the first half. Should there be a six-goal differential any time in the second period, running time will commence. Stop-time will resume when the score returns to a five-goal differential.

Length of periods:

2011, 2012, 2013 - 25 Minutes (resurface at intermission)

2014, 2015 - 20 Minutes (no resurface)

3. Penalties:

Minor - 2 minutes

Major - 5 minutes

Misconduct - 10 minutes

Fighting - Tournament Disqualification

In the event of coincidental penalties, neither team will skate shorthanded. If a player receives four (4) penalties in one game, the player will be suspended for the remainder of that game.

4. Minnesota Hockey rules will govern all play, except as amended by the tournament rules.
5. Checking is not allowed.
6. The tag-up rule (offsides) is in effect for all levels.
7. Each team will be allowed a one (1) minute timeout per game.
8. All teams must be ready to play one-half hour before the published starting time.
9. Preliminary Round: No overtime.
(Scoring: Win - 2 points Tie - 1 point Loss - 0 points)
10. Position in the medal round will be determined by points accumulated.
 - A. Total points in the preliminary round will determine position in the medal round.
 - B. If teams have the same point total, tie breakers will be as follows:
 - 1st Head-to-Head competition.
 - 2nd Goal differential in games involving tied teams.
 - 3rd Goal differential in all games.
 - 4th Fewest goals allowed in all games.
 - 5th Most goals scored in all games.
 - 6th Coin toss.
11. Medal Round (Sunday): Championship and Third Place games cannot end in a tie.
 - A. One (1) Five-minute 4 v 4 sudden death victory overtime.
 - B. One (1) Five-minute 3 v 3 sudden death victory overtime.
 - C. If no winner has been determined, a 3-player shootout will occur.
 - D. If no winner has been determined, a sudden death shootout will occur.

Note 1: Goalies can be changed.

Note 2: The last team to score shoots first - then teams alternate.

SKILLS COMPETITION / BOYS

Every year, participants at Minnesota Selects come away with the unique opportunity to compete in an on-ice skills competition immediately following the final round of pool play. Coaches choose players to participate in different drills that aim to showcase the individual abilities of some of Minnesota's finest young

athletes while also providing a friendly team competition. Players will get the opportunity

to take part in at least two of the five designated events: fastest skater, stickhandling/agility, seven-puck drill, a shootout and a team relay race. Scores are compared among an entire age group before winners are awarded.

2024 BOYS WINNERS BY DIVISION

NORTH	SOUTH	EAST	WEST

Reese Follmer - Shootout Shooter

2014

Elizabeth Hartman - Fastest Skater

ALL-ACADEMIC

While effort and success on the ice is an important factor, equal emphasis is placed on the academic output of the tourney's participants. Again this year, Minnesota Selects will acknowledge players for their academic achievements.

Players from the two oldest age groups will receive recognition for high honors if they have turned in report cards showing a GPA of 3.0 or better. Players with GPA of 4.00 or higher at each level will be named to the All-Academic Team.

Players from the younger three age groups who turn in report cards will also receive recognition for high honors. Also, one player from each team will be selected at random to receive an academic plaque and gift certificate to be redeemed at Barnes & Noble. The player will then pick out a book of choice and donate it to his or her school library in the player's name.

PRESIDENT'S CUP

The Minnesota Selects Hockey Festival President's Cup is a tourney-wide traveling trophy created to inspire some fun and friendly competition between the four regions. Points are awarded based on individual game results and final tourney standings between all teams at all levels. The region that accumulates the highest total points earns the prestigious Cup and reigns as champion for the year.

Good luck to all four regions in the race for the Cup!

PRESIDENTIAL CUP POINT SYSTEM

Single-Game Scoring

Win = 2 points

Tie = 1 point

Loss = 0 points

Festival Standings Scoring

1st place = 4 points

2nd place = 3 points

3rd place = 2 points

4th place = 1 points

PAST PLAYER PROFILE:

How old were you when you started skating, and what got you started?

I was probably 2 or 3 when I started skating on the outdoor rinks in Mahtomedi. For the first few years, that's where we hung out all day. I started because I have two older brothers, and I was just trying to keep up with them.

When did you know you were hooked on hockey?

I really enjoyed all sports growing up. Obviously, it was a little different then—very few kids skated in the summer. Kids put their hockey bags in the garage in March and grabbed them in October for tryouts. I don't think I realized until about 8th or 9th grade that I had a passion for the game and really started to commit to it.

What was your favorite local rink?

My favorite local rink was the State Fairground Coliseum. I have a lot of good memories from that rink.

Did you rink rat a lot growing up? Favorite place to do so?

We would go to the outdoor rinks in Mahtomedi, and my mom would pack us a lunch so we could skate all day long. My favorite memories from when I was a mite or squirt were scrimmaging with kids of all ages—high school, bantam, peewee, and squirts. Everyone threw their sticks in the middle, and teams were sorted out by tossing sticks to one side or the other. The game would be about 20 against 20. I just remember spending the whole day trying to touch the puck, and usually, toward the end of the day, when a bunch of people had left, a high school kid would finally pass me the puck. I had it for about three seconds, and I thought I had really made it.

What do you remember about playing in Selects, and what are your favorite memories of doing so?

Selects was one of the two tournaments to play in growing up. It was relatively new at the time, and it was THE premier tournament in the spring. All the best players from around the state participated, and I remember it being my first real eye-opening experience—realizing just how many really good players were out there. My favorite part of the tournament was playing on the big sheet at SCSU. The team I was on never won the tournament, but I still keep in touch with a couple of friends I met playing in it.

What do you think is the best way for today's players to view Selects?

I think the best thing for today's players to understand about the Selects tournament is that, first and foremost, it's an honor to be selected. That honor sometimes gets lost with all the tournaments kids play in these days, but Selects was one of the first and longest-running tournaments for premier players. Just look at the alumni—Stanley Cup champions, college national champions, and high school champions are all over the history books. I don't know of another tournament for Minnesota kids with that kind of legacy.

Q & A WITH BRANDON SAMPAIR

How cool is it to be coaching in the Selects tournament after playing in it when you were younger?

It was an honor for me to come back and coach in this tournament. I coached the 2005 East Selects team for five tournaments and helped the 2006 East teams for four years. I'm now coaching the 2010 East Selects, and my favorite part is when I've only coached a kid for one tournament, but years later, that kid sees me at the rink, and we end up chatting about a Selects tournament from two or five years prior. That, to me, is the coolest thing about this tournament. The kids may not remember if they won or lost, but they can tell you exactly who was on their team and how much fun the hotel was.

How many guys you grew up playing with or against do you still have contact with?

That pretty much describes all my friends. I saw an old Selects picture the other day, and there are five guys from that team that I still keep in touch with to this day. Hockey is really neat that way. For a long time growing up—and it's true to this day—kids (and parents) try to size each other up and figure out who's the best. That's why I loved the Selects tournament—all the best players competing against one another. As you get older, you learn to appreciate the friendships more and the different strengths that each player brought to the team.

What is your overall favorite hockey memory?

My favorite hockey memories are playing in the Class A tournament my freshman year with Mahtomedi, the Class AA tournament my senior year with Hill-Murray, and winning the WCHA Final Five my senior year in college. Mostly, though—and as cliché as it sounds—my memories are of the teammates and friendships I made throughout my years of playing.

Any advice for young players?

Believe in yourself and be a good teammate. Long after your playing days, you'll be remembered more for being a great teammate than just a good player. Being a good teammate requires zero talent.

Anything you'd like to add?

To all the Selects players: Enjoy your weekend, have fun, and try not to get too tired in the pool before your games.

PLAYER PROFILE

PAST PLAYER PROFILE: *RENEE CURTIN*

In 1997, Renee Curtin played on the first girls' team at the Minnesota Selects festival, and she went on to play in 1998 and 1999. Renee always looked forward to Minnesota Selects, and playing in the tournament remains one of her favorite hockey memories. She enjoyed pulling on her East jersey alongside Natalie Darwitz, Chelsey Brodt, and Larissa Luther, to name a few. Renee loved competing with and against the best talent in the State of Hockey. "The level of play was incredible, pushing me to play at the top of my game," said Renee.

Renee started skating by age 2, and by 4 years old, her parents put her on a team. She hustled to the pond near her home, skating with family and friends all winter long. It was impressive, considering she was the youngest of five children and still managed to keep up with her older siblings!

Girls' hockey was in its infancy back in those days, so Renee ended up playing on a boys' team. "This helped me develop as a player and gave me confidence," she said.

When Renee was in 7th grade, she made Roseville's varsity high school team. Throughout her career, Renee was viewed as a goal scorer and a playmaker of the highest level. However, that would all come to an abrupt and devastating halt early in 2000, during her junior year of high school. On January 22nd, Renee was cross-checked from behind and toppled to the ice underneath other players. Fortunately, she was not paralyzed, but she suffered a broken neck, a severe head injury, and terrible headaches.

The seriousness of Renee's injury caused her to hit rock bottom as she faced the reality that she might never play hockey again. At that point, Renee's spirit and mindset were lifted by the love and support of family and friends. During rehabilitation, she did everything her doctors asked of her, and eventually, her headaches subsided. Renee was cleared to play her senior year, and she responded with 65 goals and 22 assists, earning her the 2001 Ms. Hockey Award!

Renee loved playing with her sister Ronda and neighbors Winny and Chelsey Brodt, winning two state tournament titles along the way. Hockey followers considered Renee's stickhandling abilities second to none, and her skating was equally as impressive.

Unfortunately, Renee's headaches returned after her senior year. A Minnesota Gophers recruit, Renee was medically disqualified from playing college hockey as her condition worsened. Doctors believed that continuing to play could put her health at risk and that her headaches might last for the rest of her life.

Though Renee's dreams of playing college hockey and becoming an Olympian came to a heartbreaking end, she continues to maintain a positive attitude. She is an ultimate mentor to young players and is amazed at how much the level of play has improved. She has a deep appreciation for the growth of girls' hockey.

Twenty years later, it's fair to say that Renee Curtin would still be an elite player in today's game.

FOOD SHELF DRIVE

Minnesota Selects

The Minnesota Selects Hockey Board of Directors continues our partnership with CHUM Center in an effort to support local food drives. More than 20 food shelves have benefited from this effort. Due to CHUM's access to six food banks in the state, each \$1 buys \$7 worth of food.

Food shelves are in constant need of resupplying their inventories. For 2024, the goodwill donation will be made to locations selected with CHUM's assistance.

Past Goodwill Recipients:

Roseau Minnesota Food Shelf – Post Flood

CHUM Food Shelf Duluth Area

Southeast Minnesota Rural Education and Resource Center

Cass Lake Community Family Service Center

Sharing Korner Food Shelf

Merrick Community Food Shelf

East Grand Forks Food Shelf

Community Emergency Assistance Program – Brooklyn Park

Children's Health Watch-HCMC

Bemidji Community Food Shelf

Renville County Food Shelf

North Country Food Shelf

North Point Health & Wellness Center

Silver Bay Area Food Shelf

Bloomington Neighborhood Food Shelf

Quad City Food Shelf

Aurora Area Food Shelf

Martha's Pantry

Little Kitchen Food Shelf of Minneapolis

Two Harbors Area Food Shelf

The Falls Hunger Coalition

St Louis Park Emergency Program

Second Harvest Food Shelf-Grand Rapids

Mora Food Pantry

STRAUSS SKATES

PROUDLY SERVING THE

State of Hockey

FOR 130 YEARS

*Support Minnesota business AND
have top products delivered right to your door:*

Shop online at **StraussHockey.com**
or **In store**, 7 days a week.

Why shop local?

-**Small businesses donate 250% more** than larger businesses to non-profits and community causes. (Source: Seattle Good Business Network).

-If you **spend \$100 at a local business**, **\$68 stays in your local economy** **verses only \$43** if you spend the same \$100 at a large non-local business.

(Source: Civic Economics Study in Grand Rapids, Michigan).
