ABERDEEN HOCKEY ASSOCIATION
SafeSport Training Login & Course Enrollment Guide
USA Hockey • Updated guide based on the July 28, 2025 instructions

If you have questions about completing SafeSport, contact your team coordinator or the Aberdeen Hockey Association SafeSport representative.

1. Go to: https://www.usahockey.com/safesporttraining

2. Click the **CLICK HERE FOR U.S. CENTER FOR SAFESPORT TRAINING** button. This opens the USA Hockey training portal.

https://safesportlaunchpad.usahockey.com/

3. Enter your USA Hockey SSO username and password and continue to step 4. If you have not logged in before, or need to create your SSO username and password, follow steps a–k below.

a. Click the ***Forgot Username?*** link below the **Sign In** button.

b. In the window that appears, enter your last name and your USA Hockey number in the ***Confirmation Number*** field, then click **Submit**.

c. You will receive an email from receipt@membership.usahockey.com with your USA Hockey SSO (single sign-on) username.

d. Return to the USA Hockey Sign In tab/window and click the ***Forgot your password?*** link.

e. Leave the Username field blank and enter the primary email address associated with your USA Hockey membership. Click **Send verification code**.

f. Check your email for a verification code from ***Microsoft on behalf of Member Services***.

g. Enter the verification code in the new field. Make sure there are no spaces before or after the code, then click **Verify Code**.

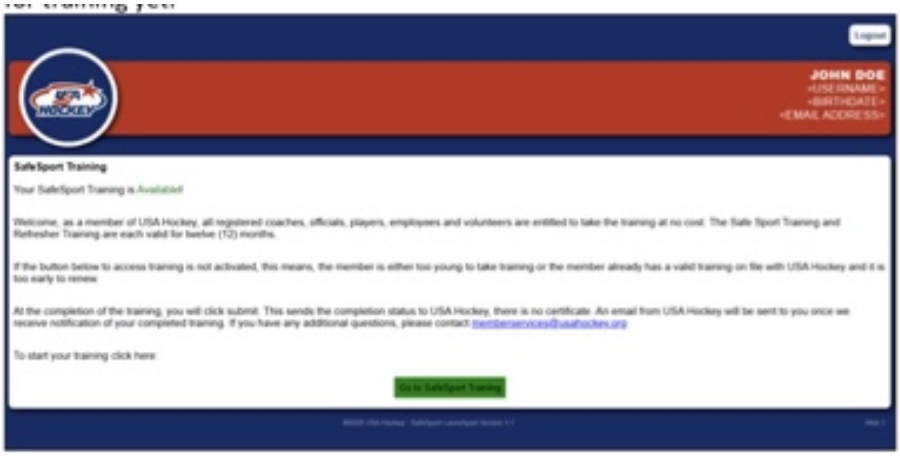

h. Once verified, a message will appear confirming that you can continue.

i. Enter your USA Hockey SSO username and click **Continue**.

j. Create your new SSO password and click **Continue**.

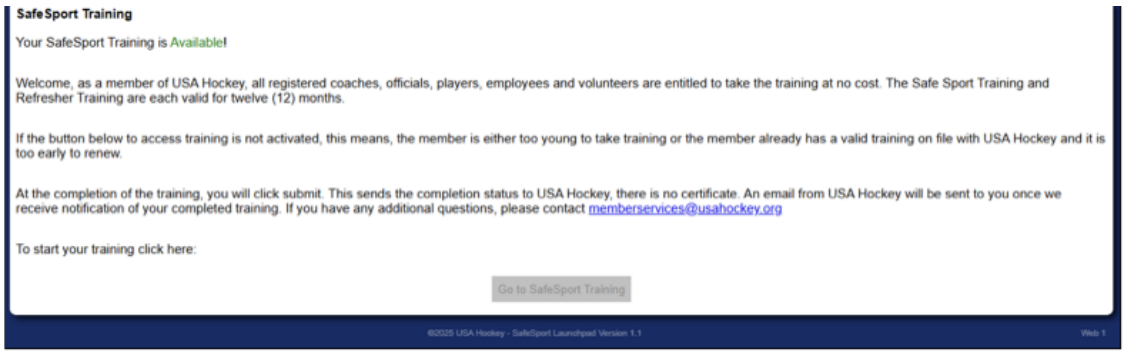

k. When the USA Hockey Sign In screen appears again, sign in using your new SSO username and password.

4. Once logged in, the website will show whether SafeSport training is available to you or whether you are not yet eligible for training.

5. To complete the SafeSport training, click the **GO TO SAFESPORT TRAINING** button. The course will launch in a new tab or window.

6. After completing your SafeSport training, you will be returned to the SafeSport Training screen from step 4. The screen may still show that training is available, but the **Go to SafeSport Training** button may be grayed out while the website updates.

IMPORTANT
Allow the USA Hockey system time to update after course completion. If your status does not update immediately, check again later before attempting to repeat the course.
