

My name is Dan Byron and I have been on the board for the past three years. The three years have gone by quickly and we have made significant strides and accomplished many notable achievements. We have come a long way in terms of both on ice and off ice improvements.

Over the past three years we have established our social media presence by establishing accounts on Facebook and Instagram. Additionally, we transitioned the BYHA website and app from SportsEngine to Crossbar.

Our goal was to enhance communication and I believe we made substantial progress in this area. We will continue to make improvements that highlight our association and current events.

We completed our second season under the guidance of Hockey Director Dillon Eichstadt. The establishment of this position had been a long awaited goal. It was great to see it become reality. I assisted with the hiring process and believe it will continue to have a positive impact on BYHA. We were fortunate to find someone who had an exceptional hockey background and passion for Bemidji Hockey.

I believe we are on the right path and I am excited to see what the future will bring for BYHA. I hope to continue serving on the board for the families that make up BYHA.

Thank you for your consideration.

Dan Byron
