

October meeting notes

October 9, 2023

Attendees Stormie Trevizo, Cherei Miller, Walter Wooton, Michelle Stearns, Missy Huber, Ryan Howse, Jack Cipriano, Danielle Cipriano.

- Squirts D2

Registration is shut down , projected 20 players.

Missy is going to see about scheduling D2 games if we need to split D1 and D2.

Move Addison Toon up if we need to split??

Open registration back up and advertise availability.

Amended: It was brought to attention that 10U registration for D1 had been closed since the max number had been reached, however we still had people reaching out to wanting to register.

It was discussed to either change the D1 team to a D2 team to allow more kids or to split the 10U team if Missy could get games.

Ryan Howes opinion was asked. He said smaller teams would be ideal with the kids getting more puck touches.

It was discussed and decided if Missy could get the D2 games then the board would move forward with splitting the teams and moving the up the kids in mites that are in 3rd grade to make it possible.

The benefits of smaller teams are better than that of a larger team, including not having to decide what kid can and cannot play each game.
