Treasurer's Report

- Current balance: \$88,315.51.
- The \$15,000 donation to the Kennedy project was confirmed as complete.
- Thirty-six (36) registration payments remain outstanding.
- Discussed payments to the special coaches for the camps, and the college players assisting with the camps may have a preference for a cash payment instead of a check.

- Katie Howard will withdraw a total of \$700 in cash on Monday, November 17th, for these coach payments.
- Discussed establishing a Venmo account to facilitate easier payment distribution and tracking.
- Mike Wodalski shared information about setting up a Venmo account for a business.
- Katie Howard will explore the possibility of creating a Venmo account for our association.

NEW BUSINESS

Kennedy Project Update:

- For the most part, two fields are complete. The turf is in, the fences are up, and the grass and irrigation are finished. The lights on the one field were tested successfully and look great, and both scoreboards light up and work.
- The batting cages were temporarily installed to assess spacing, but will be removed before the heavy snow arrives.
- Minor touch-up work will be needed after winter, but the fields are expected to be ready by spring.
- The village has extra portable bleachers from other parks that they can bring over to ensure adequate seating at the new fields.
- The dugout roofs are still being finalized, and dugout benches need to be ordered.
- Discussed cubbies/caddies in the dugouts for players to store their bags, helmets, hats, and bats. Cost estimates range from \$1,000 to \$8,000. The possibility of securing a business sponsorship or making a donation for this project was discussed.
- Softball inquired about the field scheduling process and requested the use of one field Monday through Thursday for the upcoming season. It was suggested that both softball and baseball teams could benefit from rotating usage across all Kennedy Fields.
- A User agreement for field usage has been discussed in previous meetings. Currently, the village has a draft of a user agreement, but one has not been finalized.
- A potential fee for reserving fields and scheduling games was discussed, as was the high likelihood of other out-of-district teams requesting use of the Kennedy Fields, especially the one with the lights.

Travel Update 2026:

- In response to a question from Zoom attendees, Jimmy Olafsan clarified that the 10U team is a single team. All players will practice together, but players are designated as green or silver, which determines the number of tournaments played.

Registration 2026:

- Brian Pensinger will send an email reminder about registration.

Indoor Practice

- Jimmy Olafsan has begun work on the practice schedule. Time slots have been secured on the Greenheck Turner Community Center turf, and the middle school gym is reserved for some evenings. The schedule can be adjusted as needed.
- Practice times were adjusted this year due to parent concerns. The new schedule is 6:00-7:15 PM, followed by 7:15-8:30 PM (last year: 6:00-7:30 PM and 7:30-9:00 PM).
- The first practice will occur later in January.

14U Silver Cost

- The 14U Silver players are scheduled for three tournaments this year instead of the typical four. The coach requested a reduction in the players' registration cost. The current silver registration fee is \$300.
- The Board reviewed the costs of the specific tournaments to determine a fair reduction amount per player.

Motion to decrease the 14U Silver Registration cost to \$225 for the upcoming travel season:

Glow Event:

- The next planning meeting is scheduled for Tuesday, November 18th, and all are welcome to attend.
- Registration is live. The fee is \$500 per team with a sponsor, or \$300 without a sponsor. Teams consist of 10 players.
