# Annual Meeting & Elections

Call for Volunteers to Sustain Our Organization

Dear Members,

As the new year approaches, I am writing with a reminder that **elections for open board positions** will be held at the **annual meeting in January**. This is an important opportunity for you to get involved and help guide the future of our organization.

We currently have several roles that need to be filled, and we are seeking people who are willing to step forward and volunteer. Your involvement is crucial to the continued success and sustainability of Nashoba Youth Hockey. Without new volunteers to share in the responsibilities, we simply cannot continue to operate effectively and keep the organization going.

Please consider nominating yourself or encouraging others to step forward. Volunteering helps the organization and gives you valuable experience along with the chance to collaborate with others in our community.

We urge all members to reflect on how they can contribute and help ensure our organization remains vibrant and strong. If you have any questions about the positions available or the election process, please reach out to us. **See position descriptions attached.**

Thank you for your ongoing support. We look forward to seeing new faces step forward in January!

Sincerely,

Micah O'Malley  
President
