**NOVEMBER
2025**

HOCKEY DEVELOPMENT COMMITTEE (HDC)

What is the HDC?

A board-approved committee responsible for athlete skill development, coaching selection & education, program development for players & coaches. to improve the quality of hockey in Shakopee

What is the HDC philosophy?

- Development First- the goal of the Mite Program is to make sure each child's love of hockey grows through confidence, repetition, and fun.
- Development is NOT about rushing to the next level, its about making the game fun while laying a foundation for lasting skills.
- Focus on a united coaching community through consistency, alignment, and a shared language.

The HDC is launching *The Shakopee Way Newsletter* soon, which will give families a look into what coaches are teaching and how to support players at home.

REMINDERS

- Team pictures **12/3** @ Shakopee East Middle School
- DIBS opportunities go live once a month. Don't forget to sign up for your hours!
