We believe parents should control their contact information and children's images!

WHY WE WILL CONTINUE TO USE PAPER ORDER FORMS

Paper order forms are simple, convenient, protect privacy and keep costs down. Our "online only" competitors require parents to register on websites and they often post children's photos for sale on public websites. Parent contact data and children's information is often sent to third party marketing companies (some in foreign countries) who create QR Codes or "links" which are texted or emailed to parents. Parents are not informed that these messages come from third parties or that children's images are posted on public websites. We surveyed hundreds of families and over 80% of parents wanted leagues to keep their data confidential and their children's images off of third party websites. **Thank you for your support!**
