Please see our “Adding a Guardian in Sports Engine” page in this newsletter if you would like to add any other parents, grandparents, etc. to your SE account. Thank you!

Please be aware: as we build out our schedules for all of the teams in our program, specific times and dates may be subject to change. If changes are made, we will do our best to notify all those affected in a timely manner. Thanks!

NECK GUARD REQUIREMENT FROM USA HOCKEY

EFFECTIVE AUGUST 1ST, 2024

COLORADO SPRINGS, Colo. – The USA Hockey Congress today approved legislation **requiring the use of neck laceration protection for players in all age classifications, other than adults, in games and practices, as well as for on-ice officials under the age of 18, effective August 1, 2024**. For clarity, the requirement includes players in the youth, girls and junior age classifications.

USA Hockey has long recommended the use of neck laceration protection, as well as cut-resistant socks, sleeves or undergarments. The USA Hockey Board of Directors asked the organization's Safety and Protective Equipment Committee in November 2023 to begin the process of recommending potential rule changes related to neck laceration protection.

EQUIPMENT COLOR REQUIREMENT INFORMATION

This reminder is intended for clarification regarding the board's decision on the equipment color requirements for the GF Aviators. **Please note: this change will not go into effect until the 2025/2026 season.** It will only apply to all first-year squirt and 10u players during the 2025/2026 season and then continue for all new travel team aged players each successive year after that. All players older than first year squirts will be "grandfathered" in but are still encouraged to comply with the changes if buying any new equipment during their time with GFYHA. The requirements for equipment colors are as follows:

- **HELMETS: NAVY BLUE OR BLACK (NAVY BLUE IS PREFERRED)**
- **GLOVES: NAVY BLUE OR BLACK (NAVY BLUE IS PREFERRED)**
- **HOCKEY PANTS/BREEZERS: NAVY BLUE OR BLACK**

Please let us know if you have any questions!

LOCKER ROOM MONITORS

- It is the policy of USA Hockey that all USA Hockey Member Programs have at least one responsible screened adult present monitoring the locker room during all team events to assure that only participants (coaches and players), approved team personnel and family members are permitted in the locker room and to supervise the conduct in the locker room.
 - All locker room monitors must :**
- 1) Register as a volunteer with USA Hockey**
- 2) Complete a background check**
- 3) Complete SafeSport Training**
- Youth players are particularly vulnerable in locker rooms, changing areas and restrooms due to various stages of dress/undress and because they are often less supervised than at other times. Athlete-to-athlete problems, such as sexual abuse, bullying, harassment or hazing, often occur when a coach or other responsible adult is not in a position to observe – this is especially true in locker rooms. Adherence to a locker room policy enhances privacy and reduces the likelihood of misconduct. Proper supervision of the locker room areas also helps ensure that players that may have suffered an injury during a game or practice have an adult present to confer with regarding such injury.
- Cell phones and other mobile devices with recording capabilities, which includes voice recording, still cameras, and video cameras, increase the risk for some forms of abuse or misconduct. As a result, **the use of a mobile device's recording capabilities in the locker rooms is not permitted at any USA Hockey sanctioned event**, provided that it may be acceptable to take photographs or recordings in a locker room in such unique circumstances as a victory celebration, team party, etc., where all persons in the locker room are appropriately dressed and have been advised that photographs or recordings are being taken.
