D.C. EVEREST FOOTBALL

RESPECT THE PAST, REPRESENT THE FUTURE

Our football **FAMILY** can only progress with the presence of **LOVE** and **RESPECT**. We will build each other up and value relationships. We will not criticize or complain. We must commit ourselves to love and respect & **TRUST** each other to reach our full potential. Every action must be done with the **TEAM** in mind. Unwavering loyalty to the team must be built in, especially during the tough times. In those times, we will remember that **FATE LOVES THE FEARLESS**.

We must commit to growing mentally and physically. It's important to recognize that we are students first and athletes second. Everest football players will personify **CLASS** and **HUMILITY** on and off the field.

STRIVE to get better every day and develop consistency through the relentless execution of fundamentals. Focus on the process and count each day as a separate life. We will always **COMPETE** with the best to become the best. We will play with **PASSION**, optimize our potential and deserve the success we achieve. We must realize this can only be accomplished by extraordinary **FOCUS**, one step at a time. We realize that internal motivation is so powerful, so we will know our **WHY** and let that guide our motivation.

We will respect the proud D.C. Everest Football tradition of the past, and we will represent the further greatness and tradition for the future. We will do so at all times, knowing it is our responsibility to **SERVE** as a positive role model for the youth of the Everest Community.

We will focus on the things we can control - how hard we work, how prepared we are, and how much we care about each other on this team. Everything we do in school, at home, and on the field will be **ALL IN**.

*There is a destiny that makes us Family
None goes his way alone
All that we send into the lives of others
Comes back into our own.*

-A Creed, by Edwin Markham
