

Washington County Youth Hockey Association members,

I am writing to express my intent to continue serving as the Tournament Director for the Washington County Youth Hockey Association. Over the last three years, we have faced a few challenges in attracting teams, but I am proud of the tournaments we have hosted.

I believe that with a few years of experience, my role as tournament director will continue to improve. I will continue to stay committed and dedicated to providing our teams with the best experience as well as helping to raise funds for the operation of our organization.

Thank you for your time and consideration.

Sincerely,
Matt Kolpack
