

## **VISION STATEMENT**

To support the growth of a competitive Varsity Lacrosse team which strives to win at the state level, and a developmental Junior Varsity Lacrosse team which focuses on individual and team skills improvement. Through community interaction with area Lacrosse feeder programs, the highest quality coaching and training, an emphasis on player participation and sportsmanship, and active parent involvement, we will build the premier Texas high school Lacrosse program.

As stated in the Vision Statement, the Westwood Lacrosse Club shall have a dual purpose:

1. To develop players through the JV level with active participation in practices and games
2. To field a Varsity team comprised of players who provide the best opportunity to successfully pursue a district and state championship.
