Raffle Tickets: Raffles will be down this year; we didn't hand out as many tickets and some families turned in books of unsold tickets. We will possibly need to assess families for tournament fees and have rec hockey pay the coaching expenses for the next season.

Recap of Try Hockey Day: It went well – handed out 13 certificates. Next year: more informative flyer, reach out to home schooled families. We will hopefully put it on again in the summer.

There are (4) 8U girls that move up to 10U, (7) girls are needed to make a team. Kristie LaVigne is planning on going into the classrooms again.

Tournament Packages: Look at something more affordable for game pucks. Standardize the tournament logo to make things easier. Communicate the budget. Tournament banners instead of trophies is an option. Tawna will touch base with Tilson Bay this summer to finalize packages.

Board elections: Look at the Bylaws to make sure we are holding the election on time, create flyer, post to Facebook page. Essa, Jared, and Derek have terms ending.

Director of Hockey Operations: Figure out what a position description and qualifications look like. Create a committee of board members to work on this. March 13th – 5:30.

12U and up options – next season: *handout. 9th grade moves up to high school hockey.

Two 10U players moved up to 12U to have enough girls to form a team for the 24-25 season.

There will be a coaching/parent meeting on March 13th to explore options for next season. Should there be two 12U teams, a 15U team? There are potentially 16-19 girls in that age range.

Peewee B fundraiser/concessions: On March 4th there will be a PWB fundraiser/game to raise funds for a parent on the team that has been diagnosed with cancer. Derek made a motion to donate proceeds generated at concessions during the PWB “Hockey Fights Cancer” fundraiser. The monetary donation to be determined. Second by Adam. Motion passed.

End of season skate ups: The practices are led by coaches, last 20 minutes can be scrimmages. Second years move up to the next level to skate, through March if there is still ice.

12U/15U Opportunities: Starting the conversation about options for girls. 8 girls could move up to JV next season. If we were to have (2) 12U teams it would be an A and B team. 3-4 girls can play down on a 12UA team, only 1/3 of the team. Waivers.

Tawna created a survey for parents to get their input.

Timm Ringhoffer: We would lose our JV team if a 15U team is created, causing us to not get games for the varsity team.

5 seniors

19 skaters – 2 goalies

Varsity played 22 games (out of 23)

JV played 15 games (out of 19)

5 girls could play 12U or 15U.

12 girls for 15U

Meeting with City of International Falls Update

- Received some templates for a new agreement
- Spoke about facility upgrades and I requested the facility assessment which I sent out to board members to review.
- Using the assessment, we need to set priorities that Rec Hockey has for the facility upgrades so the city can present to committee.
 - My opinion is the Ice plant being converted to ammonia is the first priority along with the Dehumidifier followed by the roof and insulation.
- There were not talks of cost of the agreement currently we are paying 38% of utilities with in 23-24 came to roughly \$20K. No bill for 24-25 has come to rec hockey yet.
- I will continue to speak with other associations about current cost however Rock Ridge currently pays \$17h for games and \$25 hr for practicing.
- Our Contact current allows for roughly 750 hours a year if we follow whats outlined in the contact. The city gets 10% of the ice time within the contract for open skating. The city has also been generous with allowing us to have 1 hour for power skating Wednesdays mornings.

Meeting with ISD361 Superintendent Beth Shermoen update

- Rink will be closed for the month of august but if we are requesting any other times we need to send an email to Timm and Beth
- Spoke on inclusion of all players
- Partnership seems to be going well on both ends.

Crossbar Presentation Update-

- A small group of board members and Shana attended a presentation from cross bar.

- I sent out a link to the video
- The benefits seem very beneficial to our operation and business model will change especially with:
 - Volunteering and check collection
 - Financial reports and fee collection with options to have installment plans
 - Team management
 - Form collection
 - Split families

Coaching Applications-

Need to select coaches for the 25-26 Hockey Season

Seating New Board Members-

- Huge Thank you to ESSA Eide for the last 3 years sitting on the board. She has been instrumental in leading us into the future and we have been able to do great thing. Essa has also been the Secretary during her tenure which truly kept us organized. Those will be hard shoes to fill.
- We can seat Jared Kostuk but he will not have voting rights until May 1st
- I will set up a new board group chat

Special Closed Meeting

Call to order: 5:34pm by Josh Glashauckas

Present: Josh Glashauckas, Essa Eide, Jared Baldwin, Leif Larson, Adam Claybundy, Tawna Hilfer, Derek Bilben, Dennis Wagner

Absent: Brent Olson

Recap of the June 6th closed meeting with Kevin Constantine: He would like to educate players and coaches. Interested in being a Director of Hockey Operations and/or coach the Bantam A team for \$40,000.

Our Rec Hockey Association isn't accustomed to paying positions more than a couple thousand dollars per season. It has taken years to accumulate the money we have saved.

There are two major components to our income:

Registration: \$37,500

Home Tournaments: \$30,000

Concessions: \$12,000

Advertising: \$10,000

Gambling - Pull tabs & Raffle: Average \$85,000

We have done a great job of keeping our registration low and covering costs for our families. Josh will formally reach out to Chad Baldwin and Erin Hall to invite them to our monthly board meetings.

Kevin could be an asset to our program but it would make more sense to have a (3) year commitment, it would be the only way to really see a change in player development.

Dennis provided a draft of the two positions in question along with a breakdown of who would be responsible for the job duties. Most of the duties would be filled by Kevin or volunteers he recruits.

Do we have a need for a Director of Hockey Operations? Yes, but can we agree on a salary for a newly created position?

Do we have a need for a Rec Hockey Business Manager? No, these duties are done by the Board.

We would have to advertise the position and review applications. We do not have to advertise the salary that we agree upon.

Dennis made a motion for a combined position; Director of Hockey Operations and Rec Hockey Business Manager to bring it to the membership. Second by Leif. Motion passed.

Dennis made a motion to pay \$20,000 for each individual position or \$40,000 for the combined position duties to bring it to the membership. Second by Derek. Motion passed.

Essa made a motion to adjourn the meeting. Second by Tawna. 7:15pm

Meeting adjourned.

New Business

School Sound System: Timm Ringhofer, Mike Lemieux, and Jim Knapp spoke on behalf of Purple Pride explaining the need for a new sound system in Bronco Arena. The total cost is

\$73,000.00, asking Rec Hockey to contribute (3) \$5,000.00 annual payments totaling \$15,000.00.

The question was asked if the Referendum will be covering any of the expense. The 2nd question to the Referendum includes the locker rooms at Bronco Arena. The school board confirmed there is money to be used towards the new sound system. Last year the Rec Board was asked to contribute \$7,000.00 to go towards new matting outside of the locker room at Bronco Arena as well a new edger for Bronco Arena. Those funds were approved and distributed. Josh made a motion to pay the \$15,000.00 in one payment to go towards the new sound system at Bronco Arena. Second made by Essa. Motion passed.

Coaching reimbursement clarification: Josh Meyer spoke on changing the policy to \$.50 per mile without a cap. There are nonparent coaches for the PeeWee A team. Josh Glashauckas doesn't want to lift the cap entirely so the mileage to tournaments and games can be monitored.

At the May 29th Rec Hockey Board meeting it was decided that the mileage reimbursement would be capped at 165 miles - \$.50 per mile and mileage reimbursement would be split if coaches were traveling separately to games.
