5.5.2 An AHAI Member Organization may request for a player to play down on a Tier III Youth B or House C team provided that they submit the following:

5.5.3 The parents or guardians of the player submit their request in writing stating the reason for the request.

5.5.6 Simply being "small for their age" or "not very skilled" are not considered to be adequate reasons for granting a 'play down' exception, since they do not rise to the level of a disability under definitions and current court decisions about the Americans with Disabilities Act (ADA).

5.5.7 Requests granted in Spring will apply to the following Fall/Regular Season under the same conditions stated above.

- d. If a player's residence is not with parent(s) and would benefit the player for purposes of hockey, the presumption is that the player does not reside at the non-parent residence for hockey purposes.

5.6.2 The player shall have the burden of proving residence, and AHAI Section 5.6.1 of this Article is especially important in this context.

5.6.3 There are several general statements that can be made regarding residence and how AHAI will look at residency for the purpose of hockey in Illinois. In an effort to reduce the potential of any problem regarding where a Player resides for any purposes the following Rules apply:

- a. If the address on the roster is not the one where the Player "lives" with both parents, you must bring the matter affirmatively to the attention of the AHAI Registrar, in writing, and obtain a ruling as to where the Player resides prior to the Roster being submitted to AHAI. Failure to comply with this Rule may result in the suspension of the Player and/or Team and/or Organization.
- b. The general rule is that AHAI looks to the current USA Hockey policy on residency. There may be exceptions to this rule, but they must be reviewed by AHAI prior to the submission of a roster to AHAI or any League or participation in any game.
- c. Divorce may pose additional considerations as to determining residence. Divorce

situations should be brought to the attention of and clarified by AHAI prior to the submission of a roster to AHAI or any League or participation in any game.

5.6.4 In addition, and especially where there is a question or multiple residences are involved, AHAI will also look at other facts among which is where the player actually resides for normal day-to-day activities.

b. Combined Organizations must adhere to the combinations approved by the High School Committee for the previous Fall season. Any exceptions to the combinations from the previous Fall must be pre-approved by the High School Chair.

c. Current seniors are not eligible to participate on a Spring High School team. Incoming freshmen (*current 8th graders*) may participate on a high school team on the condition that they are eligible to attend that school and have indicated their intent to attend the school in the Fall. Current 7th graders are not eligible to participate on a Spring High School team. Players may only participate on high school teams from one organization each season.

d. Girls may be on a girls' high school team and a Varsity or Junior Varsity team within the same organization.

e. Spring/Summer Leagues may not waive these requirements and allow players that do not comply with the above age classifications and rules. Any teams or leagues that do not comply will be considered non-sanctioned by USAH and AHAI.

9.1.12 If an AHAI Member Organization does not follow the rules for Spring/Summer Hockey, the AHAI Rules and Ethics Committee may require a hearing with the Member Organization's Board.

### PERMITS FOR SANCTIONED EVENTS – TOURNAMENTS, SHOWCASES, OR A SERIES OF GAMES

#### 10.1 PERMITS FOR SANCTIONED EVENTS

Any sanctioned amateur hockey event such as a tournament, showcase or series of games being played in Illinois must obtain a Tournament Event Permit.

**All Sanctioned Tournaments must adhere to the *USA Hockey Sanctioned Tournament Safe Sport Program Protocol* detailing tournament staff requirements.**

[https://secure.ahai2.org/pdf/Sanctioned\\_Tournament\\_Protocol.pdf](https://secure.ahai2.org/pdf/Sanctioned_Tournament_Protocol.pdf)

The event host must agree to the USA Hockey Rules and Regulations stated in the USAH Annual Guide in Article VIII – GAMES, EXHIBITION GAMES, INVITATIONAL TOURNAMENTS, JAMBOREES, AND SANCTIONED EVENTS.

<https://www.usahockey.com/annualguide>

The event host must agree to the terms stated in the AHAI Webtool permit registration.

10.1.1 No tournament may be held within the jurisdiction of AHAI, without the procurement of a Tournament Permit for each age level participating in the tournament.

10.1.2 A tournament or showcases or other series of games is designated as:

- a. Any number of games played with teams outside of your normal league competition and/or teams from outside of Illinois.
- b. An entry fee is required.
- c. Playdown games may be required to determine a final winner in any division.
- d. All Players participating in such tournaments must be on their respective AHAI or other State's Member Organization's USA Hockey roster and the Tournament Chairperson must submit rosters of all teams in the tournament to the AHAI Registrar ten (10) days prior to the commencement of the tournament.
- e. Registration must be completed by the Member Organization Registrar or Tournament Vendor President or Registrar in the AHAI Webtool. All tournaments must be approved by the AHAI State Registrar and USA Hockey District Registrar.
- f. The Tournament Director is responsible for providing the AHAI State Registrar with a copy of the following: a listing of participating teams by division, where the games are to be played and a copy of all rules and procedures of the tournament. This information is due to the AHAI State Registrar a minimum of seven (7) days before the start of the event.
- g. The Tournament Director or Site Administrator does not have the authority to allow mixed or additional players on rosters. This practice will jeopardize a team's registration. All participating teams must have an official USA Hockey certified roster. Only members approved on the specific team roster may participate.
- h. Once sanctioning has been approved, the Tournament provider may NOT change the status of the event to be non-sanctioned without the written permission of the AHAI State Registrar and AHAI Member Organizations. AHAI Sanctioned Leagues may *not* host non-sanctioned events.
- i. Sanctioned Jamborees may be hosted by an AHAI Member Organization. The Member Organization must notify the AHAI Registrar via email of the event including the date, location, and participating Member Organizations. This notification must be made a minimum of seven (7) days before the event. All participants (*players and coaches*) must have a current USAH registration.

*There are two (2) options for registering teams. The host may capture all players in their USAH Registry Portal program and create teams, or the host may require participating teams to provide a certified roster. The host may configure players from multiple USAH/AHAI Affiliate Organizations on a "team" for balanced play. The host may not configure a team of solely female players unless the event is limited to female players in which case only AHAI Member Girls Organizations may host the event.*

## ARTICLE 11 ROSTERS

### 11.1 ROSTERS

No AHAI team shall practice or play any game unless it is properly registered and has an approved Official USA Hockey Certified Roster.

- 11.2 During the Regular (Fall) Season, a player is *limited* to be rostered on:
- a. One (1) USA Hockey Tier I Youth, Tier II Youth or Tier III 'B' & House 'C' roster
  - b. One (1) USA Hockey Tier I or Tier II Girl's roster
  - c. One (1) USA Hockey High School roster except for the rules providing for dual rostered players
  - d. A player may *not* be rostered on both, a Girls High School team, and a Youth High School team except as stated in Article 19 Section 19.9.11 specific to Girls High School Goaltenders

11.3 Tier I Youth, Tier I Girls, and Tier II Girls (14U, 16U, 19U) who sign player cards are bound to the Member Organization and team within the Member Organization for the duration of the regular fall/winter season and may NOT move to or be rostered on any other Member Organization's team. Removing a player from the regular fall/winter season roster DOES NOT enable a player to join a second team during the same regular fall/winter season.

11.4 All Member Organizations including Tier I Youth, Tier I Girls, Tier II Youth, Tier II Girls, and High School Teams must register their teams by the date of the playing season set out in these Rules and regulations.

11.5 All Learn to Skate, Learn to Play, Tier III Youth 'B' & House 'C' Teams, Women's Teams, and Adult Teams must comply with these Rules and Regulations.

11.6 It is the responsibility of each Member Organization/AHAI Team to submit a correct roster which complies with the AHAI By-Laws, Rules, and Regulations. It is important to clarify, clear up, and obtain a ruling on any roster question or fact that may cause someone to question a roster prior to submitting a roster to AHAI or any League or participation in any game, even if it is believed to have been resolved.

11.7 If there is any question about a roster, or there is information that may cause anyone to doubt or question the residence or any matter concerning the roster, the Member Organization/Team has an affirmative obligation to bring the matter to the attention of the AHAI Registrar, and obtain a ruling in writing, prior to submitting a roster but in no event later than immediately after the question or fact is known to the Member Organization, AHAI Team and/or Member. It is not the responsibility of AHAI to initiate the review of nor initially review rosters but rather the responsibility of the Member Organization/Team and Member to submit a true and correct roster.

11.8 AHAI will review any roster question brought to its attention in accordance with the AHAI By-Laws, Rules, and Regulations. It is also the responsibility of each Member Organization/team and player to be familiar with, and comply with all AHAI By-Laws, and these Rules and Regulations.

11.9 After a Member is certified to a roster they cannot be removed from that roster. Any modification to an approved roster must be approved by the AHAI Registrar prior to removal of the Member.

11.10 Any AHAI team whose roster is found to be improper for failure to comply with the requirements of the AHAI By-Laws, or these Rules and Regulations shall be declared to be an "Improper Team" by the AHAI Registrar and referred to the Rules and Ethics Committee for other appropriate action.

The AHAI Rules and Ethics Committee shall consider, but is not limited to considering, the following sanctions where appropriate:

- a. All previous games played against other AHAI teams shall be forfeited and the improper AHAI Team shall not be eligible to play in any AHAI League end-of-season

or State Playdown which may or may not lead to the USA Hockey Districts or Nationals Championship for the current Playing Season and no player appearing on an Improper Team roster may be added to any AHAI Team roster the following Playing Season except on appeal to the AHAI Board of Directors.

### **11.11 Roster Maximums**

11.11.1 A limit of twenty (20) players at any one time may be registered per team except for 1) High School, Girls High School, College and Women's College which may roster thirty (30) players and may dress twenty (20) players; 2) Adult & Women's teams which may roster twenty-five (25) players and may dress twenty (20) players; and 3) Tier I Youth teams at the 18U, 16U and 15O Age Classifications and Tier I Girls 19U Age Classification which may roster and dress twenty-two (22) players, of which not more than twenty (20) shall be skaters.

11.11.2 A Member may be registered in only one (1) National Ice Hockey Federation.

### **11.12 Roster Minimums**

11.12.1 Youth and Girls teams must consist of a minimum of at least twelve (12) players including goaltenders.

11.12.2 High School teams must have a minimum of fourteen (14) skaters and one (1) goaltender.

An Exception to this rule (*Roster Minimums*) may be considered by the respective Committee Chair.

### **11.13 Goaltenders**

11.13.1 Any player on the team's Official Certified Roster may play as the goaltender provided, they are approved on the Official USAH Certified roster in any position other than a Back-Up Goaltender (*BUG*). Goaltenders, except for a *BUG*, may be skaters on the team.

11.13.2 All AHAI Youth and Girls teams must register with two (2) designated goaltenders for their roster to be certified by the AHAI Registrar.

11.13.3 The regular goaltender(s) on the team must be identified on the Official USA Hockey Roster. This is done in the USAH Registry Portal. On the team's Official Certified roster, they will be designated with "G" for goaltender.

11.13.4 The second goaltender may be an active member of the team that will not regularly play as the goaltender. They should be identified on the roster with "IG" for Identified Goaltender.

11.13.5 In the case where the position of goaltender will rotate among the players, two (2) players should be selected and identified as the Identified Goaltenders (*IG*) for the team.

11.13.6 In addition to the player(s) on the Official USAH Certified Roster being identified as the goaltenders, a Back Up Goaltender (*BUG*) may be registered on the team as the second required Goaltender. The *BUG* must be a player from within the Affiliate Organization at the same Tier level and at the same playing level or below.

*(Example: The goalie on a 10U A team may be the BUG on the 10U AA team. The BUG on the 10U A team may not be a 10U AA goalie since they are from a playing level above the 10U A team.)*

11.13.7 AHAI Tier III Youth B or House C teams are balanced so the Back Up Goalie (*BUG*) on an AHAI Tier III Youth B or House C level team may be any player from the same playing level or from a playing level beneath the team.

*(Example: A 12U Tier III Youth B or House C goalie may be the BUG for any 12U Tier III Youth B or House C team within the same Member Organization. They may also be the BUG for any 14U Tier III Youth B or House C team within the Member Organization.)*

11.13.8 AHAI Tier III Youth B or House C players may not serve as the Back Up Goalie (*BUG*) for a Tier II or Tier I team. Tier II goalies may **not** serve as the BUG on a Tier III Youth B or House C or Tier I team. Tier I goalies may not serve on a Tier II or Tier III Youth B or House C team.

11.13.9 Back up Goalies (*BUGs*) may only participate with the team in the event that the regular goalie(s) are injured or unavailable. The team must notify the AHAI Registrar or President if they will be using the BUG in a game before they play. The notification should be made by phone.

11.13.10 The AHAI registrar may allow an exception for goaltenders. This request must be documented and sent to the AHAI Registrar, in writing, before an exception is considered.

11.13.11 High School Goalie Exception  
*(See Article 17 – Girls & Article 19 – High School)*

11.13.12 For Tier III Youth B or House C only, a goaltender may be rostered on multiple teams within the same Member Organization with the exception of the dedicated goalie on the Tier III Youth Prime Team who may **only** be on the Youth Prime Team's roster. The intent of this rule is to provide goalies for each team while respecting the Tier III philosophy of equal playing time for both games and practices.

In an emergency situation, goalies within Tier III Youth B or House C Member Organizations can be rostered as Back Up Goalies (*BUGs*) on Tier II programs it is affiliated with. This is for Member Organizations with either the same ILH numbers for both Tier II and Tier III or if the Tier III Youth Member Organization is in the same affiliation Park District. This is determined by the Tier III Youth Member Organization only. The AHAI Registrar and Tier III Chair must be notified via email when a Tier III Goalie is being added to a Tier II team as a Back Up Goalie (*BUG*). The Back Up Goalie (*BUG*) may only play when the Tier II Youth Organization does not have a goalie available to play, and the Tier III Youth team must take precedence for all conflicts. A Back Up Goalie (*BUG*) can play at the same level or up one (1) age level. The AHAI Registrar and the Tier III Chair must be notified when a team is using their Tier III Youth Back Up Goalie (*BUG*) in a game.

## **11.14 TEAM AND PLAYER ELIGIBILITY**

No players may be rostered or play on more than one Youth or Girls Tier I or Tier II team during the same playing season, except as specifically allowed in these AHAI Rules and Regulations.

11.14.1 AHAI registered teams shall NOT:

- a. Play any Illinois team that is not a member of AHAI and USA Hockey.
- b. Participate in any game, practice, event, or other activity with which a person or entity suspended by AHAI and/or USA Hockey is participating or otherwise involved.
- c. Use any player not properly rostered to its team and may not play any team using a player not properly rostered to the team it plays.
- d. Participate in any event (*game, tournament, showcase, or other series of games*) that is not sanctioned by either AHAI or USA Hockey.

## **11.15 GAMES**

Definition of a game: For the purposes of this rule, the definition of what constitutes a "game" shall include the definition of that term as found in Section VIII-A of the USA Hockey Rules & Regulations, and shall also mean the following, whichever is more expansive:

A contest between two separate, rostered, teams that uses one or more Officials, is played under the applicable USA Hockey Official Rules of Ice Hockey, and a time clock is used regardless of the length of the periods.

### 11.16 GAME LIMITS

11.16.1 The intent of this rule is to increase the practice to game ratio of all AHAI Member teams and to emulate the introduction of the USA Hockey American Development Model (ADM).

11.16.2 The AHAI team game limits shall be recommended for the 2025-2026 regular fall/winter season only for High School, Tier II Youth and Girls, Tier III Youth B or House C teams and for Tier I Youth and Girls teams. This recommendation will be reevaluated annually.

11.16.3 Recommended game limits will be as follows.

8U	Girls 8U	12 half ice games
15 full ice games starting	December 1st of each calendar year	
Youth 10U	Girls 10U	40 games maximum
Youth 12U	Girls 12U	45 games maximum
Youth 14U	Girls 14U	50 games maximum
15 O		50 games maximum
Youth 16U	Girls 16U	60 games maximum
Youth 18U		60 games maximum
	Girls 19U	60 games maximum
High School		60 games maximum

11.16.4 It is recommended all 8U games should be 50 minutes in duration and wins and losses will not be kept along with league standings, etc.

### 11.17 OUT OF TIER GAME LIMITS

AHAI Tier II Youth, Tier II Girls and Tier III Youth 'B' or House 'C' teams are limited in the number of games for the current playing season, which they may participate against teams registered at a higher tier level regardless of whether those games are in Showcases, Tournaments, or otherwise.

11.17.1 Explanation of out of tier limits - this rule establishes a 50% limit on the number of games Member Organizations may play against higher Tier Member Organizations in a season. Prior to the commencement of the Illinois State Playoffs, no team is to have MORE than 50% of their games against higher Tier Member Organizations. (Example: A 10U Tier II Team that played thirty-six (36) games prior to the State Playoffs cannot exceed eighteen (18) games against Tier I Opponents.)

11.17.2 Every game played in Showcases or Tournaments against a team at a higher Tier level as defined under Section 11.16 counts against the limits, regardless of how either team is registered in the Showcase or Tournament.

11.17.3 No Tier II or House team may participate in any Tier I or Tier II League, respectively. League Playoffs and State Tournament games are NOT included in determining maximum game counts.

11.17.4 Definition of a team's Tier level: A team's tier level is determined by the

Division and Category designated on their USA Hockey Certified Roster.

### **11.18 PENALTIES**

Enforcement of this rule shall be the responsibility of the AHAI State Tournament Committee. The Committee having jurisdiction, or its chairperson, acting alone if required by the circumstances, shall decide a claim that a team has violated the rule. Notwithstanding the provisions of Article 21 (*Disciplinary Action*) of AHAI's Rules & Regulations, the Committee or its chairperson is empowered to take action without holding a hearing if the time between AHAI's awareness of the alleged violation and the start of the State Tournament does not reasonably allow a hearing to be held. Violation of this rule shall disqualify the team from participating in the AHAI State Tournament. In addition, the Team's Affiliate Organization along with the Team's coaches and managers may be referred to AHAI Rules and Ethics Committee for possible further discipline.

## **ARTICLE 12 SAFETY**

### **12.1 SAFE SPORT PROGRAM**

The safety of its participants is of paramount importance to USA Hockey. USA Hockey SafeSport is the Organization's program related to off-ice safety. AHAI adheres to the USA Hockey Safe Sport Program. USA Hockey has long had systems in place to protect its participants from physical, sexual, emotional, and other types of abuse, and misconduct that can be harmful to youth hockey players and other participants.

12.1.1 These include without limitation Physical Abuse, Sexual Abuse, Screening, Locker Room Supervision, and Hazing Policies, in addition to Codes of Conduct applicable to administrators, coaches, officials, parents, players and spectators. The USA Hockey SafeSport Handbook is intended to update and collect USA Hockey's various policies to protect its participants from all types of misconduct and abuse. Information and Training can be found at USA Hockey: <https://www.usahockey.com/safesporttraining>

12.1.2 The USA Hockey Safe Sport Handbook addresses the following:

Policies prohibiting:

- Emotional abuse
- Bullying
- Threats and Harassment
- Hazing

12.1.3 Other policies included address areas where misconduct can occur and are Intended to reduce the risk of potential abuse, including the following:

- Locker Room Policy
- Electronic Communications Policy
- Travel Policy
- Billeting Policy
- Education and Awareness Training Policy
- Screening and Background Check Program
- Reporting of concerns of abuse
- Responding to abuse and other misconduct
- Monitoring and supervision of the SafeSport Program

12.1.4 Billeting

It is recognized that some youth and junior hockey players leave home to play hockey in a location away from their parents. Having Minor Athletes live outside their homes increases risk for abuse and misconduct to occur. "Billeting" means an arrangement where a Minor Athlete lives away from his/her parent(s) or legal guardian(s) in a private family residence arranged or coordinated by a Member Program (or USA Hockey) and meeting the requirements described

in this Policy. "Billet" refers to the host adult(s) and family with whom the athlete lives. Billeting arrangements do not include housing arrangements in which the host adult or family is related to the Minor Athlete or otherwise has a Dual Relationship with the Minor Athlete or where the housing is arranged privately by the parents/legal guardians of the Minor Athlete. Billeting also does not include group housing arrangements such as a dormitory, apartment, or hotel or similar residential dwellings that are not operated by the Member Program. All organizations and teams that arrange for players to live with billet families shall have written policies and procedures in place to govern the arrangement. All billeting policies and procedures shall be provided to the player's parents in advance of placing the player with the billet and shall meet the following requirements:

- Billeting is only permitted in Tier 1 Youth and Tier 1 Girls organizations.
- Billet families and the player and player's parents shall all sign an agreement with the Member Program and/or team that they consent to the billeting arrangement, acknowledge that the adults in the billet household are considered Adult Participants as defined in this Safe Sport Program Handbook, and that they will comply with the terms and conditions of the Billeting Policy, the SafeSport Code and the USA Hockey Safe Sport Program Handbook. The billet agreement shall include information on completing applicable training and how a player, parent or billet can make a report of misconduct.
- If required by the jurisdiction where the player is billeted, the player's parents shall sign and provide a power of attorney and/or guardianship (as necessary by applicable state law) to the billet family adults to allow for them to make emergency medical and schooling decisions.
- Each Member Program or team that billets players shall have a SafeSport Trained and background screened billet coordinator who shall be responsible for overseeing compliance with the Billeting Policy, the SafeSport Code and all USA Hockey Safe Sport Policies.
- No more than two billeted players may be housed with any one billet family. At the Junior level, there may be exceptions to the number of billeted players permitted in one billet home if approved by the applicable Junior league, however approval should only be granted when necessary.
- Absent an emergency, or unless a Dual Relationship exception applies and the team has obtained the necessary consent, owners, coaches, team/program management and staff are not allowed to host or billet players. Emergency situations should be documented and kept with the Member Program.
- Minors must be placed with a billet family and may not reside in an apartment or home solely with other players. This includes homes, apartments or hotels used as a "dormitory" unless the housing is offered in conjunction with and authorized by a school that is accredited or sanctioned by the state school system.
- All adults living in the household of the billet family must be registered with USA Hockey, screened in accordance with the USA Hockey Screening Policy, and must complete the SafeSport Training in compliance with Section II. Proof that these requirements have been met must be received by the team's billet coordinator prior to the player moving in with the family.
- Adherence to the limitations on one-on-one interactions between an adult Billet and a Minor Athlete should be practiced whenever possible but may not always be practical in all situations in a billet household. For instance, such interactions may be unavoidable in "common" areas of the household such as living rooms, kitchens and dining rooms. However, there shall be no one-on-one interactions between the adult Billet and a Minor Athlete in any "private" areas of a billet home, including any bedroom, bathroom, or any other similar "private" area. The billet athlete's parent/ legal guardian must provide written consent annually prior to the Minor Athlete moving into the billet home that addresses any such one-on-one interactions. That written consent must be kept with the billet coordinator for the duration of the consent.

- It is strongly recommended that all billet families be two-parent homes. Single parent billet families may be acceptable if there are two players billeting in the home and the organization or team takes additional reasonable steps to regularly monitor the billeting arrangement and its compliance with the USA Hockey Safe Sport Policies.
- The Member Program or team shall have a mandatory curfew for all billeted players. The host family may have an earlier curfew.
- Players must agree to comply with the house rules of the billet families, including curfews, chores/cleaning, telephone usage, etc. Complaints about unusual rules shall be addressed with the Member Program/team billet coordinator.
- Players shall not stay overnight at any other home except with the permission of the player's parents and advance notification to the billet family and Member Program or team billet coordinator.
- Players are not to drive billet family vehicles without automobile liability insurance as required by applicable state law, and documentation and approval of the billet family.
- The Member Program's/team's billeting policy shall include requirements that, annually and prior to the placement of the player in the billet home, the billeted player must take the course titled "SafeSport for Youth Athletes (Ages 13-17)" and that player's parents/legal guardians must take the course titled "Parent's Guide to Misconduct in Sports," both offered free of charge by the Center. The billeted player is not required to take this training if the player is already required to take the Core SafeSport Training as described in Section II.
- The policy shall also require that the parent/guardian of the billeted player provide the required written consents for transportation by the adults in the host family.
- The policy shall also require that the billet family maintain appropriate homeowner's/renter's insurance.
- Players living with a billet family shall be permitted to make regular check-in phone calls to parents. Team personnel and billets shall allow for any unscheduled check-in phone calls between the player and parents.
- The billet coordinator should schedule monthly calls with the billet parents and the billeted player's parents/legal guardians and/or monthly visits to each billet home.

12.1.5 A USA Hockey member or parent of any member who violates any of the Safe Sport Policies or if required fails to consent to and pass a screening and background check in compliance with the Screening and Background Check Program, will be denied eligibility within any USA Hockey program and is subject to appropriate disciplinary action including, but not limited to, suspension, permanent suspension, and/or referral to law enforcement authorities.

12.1.6 Mandatory Reporting law requires that:

- ALL adult members of a National Governing Body (NGB) or a facility under the jurisdiction of an NGB or at any event sanctioned by an NGB, and
- ALL adults authorized by such members to interact with an amateur athlete, immediately report an allegation of child abuse of an amateur athlete who is a minor to: The Center for Safe Sport, and to Law Enforcement.

## 12.2 SCREENING

AHAI adheres to the USA Hockey National Background Screening Policy.

USA Hockey Screening information link:

<https://www.usahockey.com/backgroundscreen>

In compliance with new requirements from the United States Olympic & Paralympic Committee (USOPC), USA Hockey has a national level background screening program.

12.2.1 All adult coaches, officials, board members, employees, volunteers, and anyone else

who will have regular contact with, or authority over, athletes under the age of 18 are required to submit to a background screen before any such contact with those athletes.

12.2.2 USA Hockey has had a background screening policy in place since the 1993-94 season. The responsibility to ensure background screening took place was handled through the appropriate USA Hockey Affiliate. That will no longer be the process and instead the background screening program will be handled at the national level using NCSI. This will provide consistency, enhance USA Hockey's world-leading SafeSport program, and comply with the requirements given to USA Hockey by the U.S. Olympic & Paralympic Committee.

12.2.3 For members who were last screened through their Affiliate after April 1, 2019, for the 2019-20 season, their screens will be valid for the 2020-21 season and will not need to be screened under the new system until prior to the 2021-22 season. If a member's most recent screen is from prior to April 1, 2019, the member, if in a position that requires a background screen, will need to be screened using the USAH National Screening Program in order to participate in the upcoming 2021-22 season.

12.2.4 All new screens submitted through the NCSI national screening program after April 1, 2020, will be valid for two seasons. For example, a screen submitted and approved on April 15, 2020, will be valid through the end of the 2021-22 season, which is August 31, 2022.

### **12.3 CONCUSSION PROTOCOL and PLAYER RETURN TO PLAY POLICY**

AHAH follows the USA Hockey protocol for concussion management found at:

[www.USAHockey.com/safety-concussion](http://www.USAHockey.com/safety-concussion)

In the event of a concussion of a player, the Head Coach must adhere to the USAH Concussion Policy.

12.3.1 The USA Hockey Concussion Management Protocol and most state statutes require that an athlete be removed from any training, practice, or game if they exhibit any signs, symptoms, or behaviors consistent with a concussion or are suspected of sustaining a concussion. The player should not return to physical activity until he or she has been evaluated by a qualified medical provider who has provided written clearance to return to sports.

12.3.2 Any athlete held out for concussion evaluation or who has been diagnosed with a concussion must provide a written Return to Play Form from a qualified medical provider allowing them to return to any training, practice, or game activity with no restrictions. The parent(s) must sign the form and the coach must also sign the form acknowledging that they received it.

12.3.3 The form must be completed and signed by a qualified medical provider. The parent(s) and coach must then sign the form. The completed should be kept with the team coach or manager.

Information and forms can be found at <https://www.usahockey.com/playersafety>

### **12.4 NECK LACERATION PROTECTION**

USA Hockey approved legislation requiring the use of neck laceration protection for players in all age classifications, other than adults, in games and practices, as well as for on-ice officials under the age of 18, effective August 1, 2024. For clarity, the requirement includes players in the youth, girls, and junior age classifications.

*(Arm bands, head bands, plain turtlenecks and mock turtlenecks are not neck laceration protectors.)*

USA Hockey has long recommended the use of cut-resistant socks, sleeves or undergarments.

USA Hockey strongly recommends the use of neck laceration protection by adult players.

Not all protective equipment is mandatory in all age classifications. However, if not mandated by USA Hockey rule, USA Hockey strongly recommends that all skaters and goalkeepers in all age classifications properly wear an internal mouthpiece, a HECC approved helmet and a HECC approved full facemask for all games and practices.

## **12.5 CO-ED LOCKER ROOM POLICY**

It is not acceptable under USA Hockey/AHAI By-Laws, Policies on Physical and Sexual Abuse for members to be observing the opposite gender while they dress/undress. In order to provide an enjoyable and safe experience for all players, please make certain that proper adult supervision is present in locker room settings at all times, including the provision for more having than one adult supervisor present in the locker room, and arrange to provide supervisors who are of the same sex as the children they are to protect. *(In the locker room means actually being inside the locker room and/or standing right outside, not at the concession stand or somewhere nearby in the lobby area).*

Please follow these Coaching Ethics Guidelines:

- a. Where possible, have the male and female players undress/dress in separate locker rooms; then convene in a single dressing room to hold the coach's pre-game meeting.
- b. Once the game is finished, hold the coach's post-game meeting; then have the male and female players proceed to their separate dressing rooms to undress and shower. In those cases where separate facilities are not available, one gender enters the locker room and changes into their uniforms. That gender would then leave the locker room, while the other gender enters the locker room and gets dressed. Both genders would then assemble in the locker room and hold the coach's pre-game meeting.
- c. Following the game and the coach's post-game meeting, where separate facilities are not available, the second gender group enters the locker room and undresses/showers, while the first group waits outside until they have undressed/shower and left the room. Once the second group leaves, the first group enters the locker room and undresses/showers. This should be done on a rotating basis (*taking turns*) so neither gender is always last to dress/undress and shower. Taking turns is a means of reasonable accommodation so neither gender group is favored. Reinforce to all players, coaches, officials, volunteers, and parents at the beginning of each season at your Member Organization's parents' meetings that your Member Organization takes this issue seriously and has adopted a fair locker room policy.

## **12.6 LOCKER ROOM SUPERVISION - POLICY**

Under USA Hockey's current Locker Room Policy "all USA Hockey Member Organizations are required to have at least one responsible [NCSI screened and SafeSport trained] adult (which may include coaches, managers or other volunteers) present at all times and monitoring the locker room during all team events to assure that only Participants (coaches and players), approved team personnel and family members are permitted in the locker room and to supervise the conduct in the locker room." While USA Hockey expressly prefers that locker room monitors remain inside the locker room while Participants are present, if the monitor is "in the immediate vicinity outside the locker room (near the door within arm's length and so that the monitor can sufficiently hear inside the locker room) who also regularly and frequently enters the locker room to monitor activity inside," the Member Organization is in compliance.

However, despite this policy, **more than half of all SafeSport incidents reported each year occur in locker rooms.** In all but a few cases, there was no locker room monitor present.

AHAI believes that the presence of adults inside the locker rooms is critical to maintaining a safe and positive environment for our players. For this reason, Illinois is joining the many states that have imposed stricter locker room monitoring requirements than those required by USA Hockey.

**Effective immediately, the following conditions are REQUIRED of all AHAI Member Organizations for locker room use at all team events including conditioning clinics, tryouts, practices, games, and any event that a locker room is being utilized:**

- No players shall be allowed access to the locker room unless an NCSI background screened/Safe Sport trained locker room monitor is present in the locker room.
- If a single player is present, the locker room should be monitored by at least two adults until

additional players arrive.

- If there is only one adult present, whether a coach or volunteer parent, they should wait for multiple players to arrive before allowing access to the locker room.
- The same strategies should be applied after practice with a monitor staying until the last player leaves, and at no time should one adult be alone in the locker room with one player, unless the player is their own child.

This policy applies to all minor USA Hockey Participants up through the youth 18U level and through girls 19U level. It should be noted that an Affiliate may at its discretion adopt stricter policies than those defined by USA Hockey or AHAI, but in no case may said policy be less strict.

*Member Organizations found in violation of this policy will be sanctioned automatically, under Zero Tolerance, in the following manner starting December 1, 2023.*

**1<sup>st</sup> team offense: \$500 fine to the Affiliate and one game suspension to the head coach**

**2<sup>nd</sup> team Offense: \$1000 fine to the Affiliate and 3 game suspension to the head coach**

Any additional offenses will require the Member Organization's President and Coaches of the noncompliant team to appear before AHAI's Rules and Ethics Committee to determine appropriate discipline, which may include exclusion from participation in the Illinois State Tournament.

As a reminder, all Member Organizations are required to publish locker room policies to the parents of all minor participants that are specific to the facilities they regularly use. The Member Organization's policies shall include the program's (a) practices for supervising and monitoring locker rooms and changing areas; (b) permission or lack of permission for parents to be in the locker rooms; (c) prohibited conduct, including at least all forms of abuse and misconduct prohibited by USA Hockey; and (d) specific policies regarding the use of mobile electronic devices and phones and prohibiting the use of a device's recording capabilities.

In addition to publishing these changes to AHAI's locker room policy, AHAI strongly encourages all Member Organizations to go over its locker room policy with parents and players at a team meeting. At that time, the Member Organization should:

- Clearly explain the rules and expectations for players with respect to locker room activity.
- Clearly explain the rules and expectations of the locker room monitor....including the corrective action that will be taken if necessary (player could be benched or suspended, for example.).
- Ensure players and parents understand the locker room monitor is there to help ensure there is a safe environment for all members of the team.

AHAI is confident that this policy change will reduce incidents of hazing, bullying, harassment, or other inappropriate behaviors caused by an unsupervised locker room. The safety and well-being of every player is and will continue to be AHAI's top priority.

## **12.7 LOCKER BOXING POLICY**

USA Hockey is concerned with the activity known as "Locker Boxing" (*aka Helmet & Gloves*) that produces head trauma in children and young adults. USA Hockey is opposed to that activity and recommends that our Member Associations take action to prevent this activity through awareness, education, and supervision.

Notification from AHAI is to assist in the player's and their family's Choice rule knowledge. It is the responsibility of the player and family to understand and adhere to the AHAI Rules & Processes.

## **16.9 TIER II YOUTH CHOICE SUBSTITUTION PROCESS**

The online Tier II Youth Choice Substitution Application process shall begin on June 15th of each year. There shall be a minimum of three (3) hearings on this matter held each season. ## **16.10 PLAYER SUBSTITUTION CRITERIA**

The following provisions must be met for a player's Tier II Youth Choice Substitution to apply to a new Tier II Youth Member Organization and removed the player's choice from one of their previous Tier II Youth Member Organizations.

16.10.1 A Player playing at the Tier II Youth level may not substitute a choice of one Tier II Youth Member Organizations with another Tier II Youth Member Organization, except in cases where there are practical difficulties or particular hardships in carrying out the strict application stated above. These exceptions shall apply only at each age-appropriate level. An "age-appropriate level" is the age level of the youngest age level that the Player is permitted to play.

16.10.2 The predicament of the Player is due to unique circumstances that were not created by the Player; If a Substitution is based on a Member Organization's Rules and Ethics or any other issue, the petition must be accompanied by the Member Organization's Rules and Ethics

findings and supporting documents.

16.10.3 The purpose in requesting the substitution shall not be based exclusively upon a desire to be rostered on a team or Member Organization that is perceived to be more competitive than the current AHAI Team or Member Organization to which a player belongs.

16.10.4 The granting of the substitution furthers the goals, objectives and policies of the Amateur Hockey Association of Illinois, Inc.

16.10.5 The granting of the substitution must not be detrimental to Tier II travel hockey or undermining the "community-based principles" of Tier II hockey.

16.10.6 If a Player requests a substitution, such Player must remove a current Member Organization from such Player's current Two-Choices and the choice that the Player gives up then becomes the automatic 3rd choice at the 16U level.

16.10.7 "Financial Hardship" is not a basis for substitution.

16.10.8 It is not intended that every Player must have two (2) viable options at any given time. The rule states two (2) Choices, not two (2) viable options will be had by all Players.

16.10.9 No additional 3rd choice or substitution shall be given to any Player in the 8U or 10U playing level without the approval of the Board of Directors or its designated representative.

16.10.10 If the Player and family move from the rink of the first choice which is within ten (10) miles of the home and the new residence is at twenty (20) miles or more from the prior choice, they may petition the Tier II Committee for a second choice. The two choices then become permanent until the Player reaches the 16U level.

16.10.11 Players staying within their two Member Organization choices can relocate between those two Member Organizations.

At the discretion of the Board of Directors, the substitute choice granted by the Board of Directors may be permanent or for a specific playing season.

The proposed combined Girls Member Organization under this rule cannot adversely affect any already established Girls Member Organizations with sustained Girls teams.

17.3.1 No more than two (2) Girls Member Organizations may be on the formal application except through specific exemption by the AHAI Girls Committee.

The information will remain with the AHAI Girls Committee Chair. If another Girls Member Organization (Tier I or Tier II) is in need of players and notifies the AHAI Girls Committee Chair, the Girls Committee Chair will send an email to the player's parent(s) & give them contact information for the Girls Member Organization(s) who have roster positions available.

The parent(s) may then choose to reach out to the contact person of the Girls Member Organization(s) listed if they are interested.

***This information is required at the conclusion of early tryouts for the National Eligible Age Classifications (14U, 16U, 19U) & at the conclusion of regular tryouts in August for ALL age classifications.***

17.10.3 Girls Tier II Member Organizations wishing to conduct tryouts beginning June 15<sup>th</sup> within these age classifications may NOT field more than one team per age level AND they may NOT promise any player a position on a second (2<sup>nd</sup>) team within the Girls Tier II Member Organization as this team does NOT exist & tryouts for this team do not occur until August 15<sup>th</sup>.

17.10.4 Girls Member Organizations who conduct early tryouts are required to register and participate in the AHAI State Tournament and will be responsible for continuing to the Tier II Girls' Districts and/or USA Hockey Nationals Tournaments should they win the State Tournament.

17.10.5 Girls Tier II Member Organizations conducting tryouts beginning on June 15<sup>th</sup> for the National Eligible Age Classifications may not open these tryouts to any player in the 8U, 10U, or 12U age levels. 12U players may not be added to a 14U roster for any Girls Tier II Member Organization who stated their intent is to be National Eligible.

17.10.8 Any Player who signs a Player Card for any Girls Tier II Member Organization shall not be recruited by or on behalf of any other Girls Tier II Member Organization including the individual teams of said Girls Tier II Member Organization and cannot be removed from that Girls Tier II Member Organization’s Team roster without the prior approval of the AHAI Board of Directors.

17.10.9 These player cards will commit all signed players to play for that team for the ensuing playing season. Players may not “opt out” once a player card has been signed. Any player who signs a qualified player card is committed to that Tier II Girls’ team.

17.10.10 Any Player who signs an AHAI Girls Tier II Player Card is irrevocably committed to that Girls Tier II Member Organization and Team for the ensuing playing season and cannot play for another USAH/AHAI Tier I or Tier II Girls Member Organization’s team in Illinois. *(Exception – High School Hockey if the High School Member Organization allows for double rostering.)*

17.10.11 A team will be qualified by a minimum of twelve (12) players including a goaltender. Any Girls Tier II Member Organization not fielding twelve (12) players including a goaltender at the specific age level by June 29<sup>th</sup>, (as evidenced by twelve (12) players signature cards), will not be allowed to field a team at the specific age level for the ensuing season. The team will be disbanded, and those players’ names may be submitted to the Girls Committee Chairperson for distribution amongst other Girls Tier II Member Organizations.

17.10.12 Player additions to a qualified Girls Tier II team roster (supplemental roster) may take place from July 2<sup>nd</sup> – July 13<sup>th</sup>. **17.13 GIRLS HIGH SCHOOL** The AHAI Girls Committee may work with the AHAI High School Committee on some matters pertaining to Girls High School Hockey.

**GIRLS HS HOCKEY - GENERAL** It is the general intent of the rules stated below to follow the annually published IHSA Rules pertaining to transfer students, recruiting of high school athletes and high school foreign exchange student eligibility. It is the responsibility of the student,

parent(s) of the student, coach, and high school organization to raise any issues which may be in question and bring them to the AHAI Girls Committee for resolution before the playing season begins. High School Season - The start of the high school season is equal to the start of the IHSA High School Fall Sports Season. It is strongly recommended for ALL Girls High School Member Organizations to have a pre-season meeting with all their players, parents, coaches, and administrators in attendance. Upon request, a representative of the AHAI Girls Committee will be present at such a meeting. The attendance of a representative from IHOA is strongly encouraged.

### **GIRLS HIGH SCHOOL DEFINITIONS – PLAYER & TEAM**

17.13.1 Girls High School Players are Restricted to amateurs who are full time students in good standing (grades 9 through 12), and under 19 years old on December 31st of the playing season, not to exceed eight (8) consecutive semesters starting with the freshman year, who are enrolled and attending the school designated on the team's and player's registration.

17.13.2 Those students graduating mid-year are no longer full-time students and therefore are not eligible to play on the Girls High School Hockey Team. This is effective on their last day of attending classes as a full-time student, even if the team's season is not over.

17.13.3 Transferring students: Any student that transfers from any one school to any other after the start of the school year will:

- a. Have a thirty (30) day waiting period if the student has not tried out or played on the Girls Hockey High School Team of the first school the same year
- or
- b. Have a one-year waiting period if the student has tried out or played on the Girls Hockey High School Team of the first school in the same year. This applies to transfers between any two schools whether they be public or private.

17.13.4 Home Schooled and Online High School student requirements for participation in a Girls High School Member Organization, either pure or combined, will require proof of enrollment in an accredited High School program as well as proof of residency within the public-school boundary based on their home address. This only applies to public schools with defined borders. Private Schools do not have defined boundaries and therefore are not considered to be home schooling or online education. Players may stay eligible by carrying a full load of classes for four (4) consecutive years from their start date as a freshman with no breaks. If all criteria are met, they may be approved by the AHAI Registrar on the roster for the High School Member Organization in which the public school is part of. Home-schooled and Online High School students who wish to be approved to participate in a program must notify the AHAI Girls Committee Chair of their request and provide the required information/documentation prior to being approved on a roster.

17.13.5 Girls High School Team: A group of players currently attending High School that, having complied with all the By- Laws and these Rules and Regulations and must have played at least eighteen (18) games during the season as a unit. As of July 1, 2024, all Girls High School Teams are required to be under a separate USA Hockey/AHAI Identification Number (ILH) for the purposes of rostering, administration, and distribution of communications. If a Girls High School team was previously with a Youth High School Member Organization, the Organization's By-Laws and Board may remain the same except whereas the Girls High School Member Organization must identify a designated Girls Representative within their High School Member Organization's Board structure (*Director of Girls Hockey*).

17.13.6 Only players on the team's Official USA Hockey Certified Roster may participate with the team.

17.13.7 Each Girls High School Team must have a minimum of twelve (12) players including the goaltender. The first girls high school team registered by a Girls High School Member Organization must be registered as Varsity. Teams must be registered in the order in which they are selected with the better teams registered first. Girls High School Member Organizations with multiple teams may register the second and all teams that follow as either

Varsity or Junior Varsity.

17.13.8 No team will be permitted to play as two (2) teams, at both Varsity and Junior Varsity levels, from a single roster. Each team, at each level, must have a separate and distinct USA Hockey Certified Roster.

17.13.9 Tier I female players may double roster to either a High School Varsity or Junior Varsity team.

17.13.10 Player Eligibility: Girls may play for a Youth High School team OR a Girls High School team but cannot play for both in the same regular season.  
*(Refer to Article 17 Section 17.13.24 – 'k' for the exception for female goaltenders)*

17.13.11 Girls High School Divisions

Pure Girls High School Team – Girls High School Teams made up solely of players in good standing attending one high school. These teams are registered as Division 1 in the USAH Registry Portal by the AHAI Girls High School Member Organization that is annually reviewed and approved by the AHAI Girls Committee.

Combined Girls High School Team – Girls High School Teams made up of players in good standing attending two or more high schools. These teams are registered as Division 2 in the USAH Registry Portal by the AHAI Girls High School Member Organization that is annually reviewed and approved by the AHAI Girls Committee.

17.13.12 Combined Girls High School Teams & Combined Girls High School Member Organizations.

The criteria for grouping players from multiple high schools together to form a Combined Organization will be as follows:

- a. Maximizes the “Essence of High School hockey” (based on school district, community, and geographic proximity). The priority of an AHAI Combined Girls Member Organization shall be to combine players representing High Schools within the same school district. Such schools should be within geographical proximity of one another. The AHAI Girls Committee may elect to use other measures when approving combinations.
- b. Ensures the long-term viability of a Girls High School Combined Organization based on a projection of an adequate number of players each year for the foreseeable future (viability not to be confused with competitiveness).
- c. All eligible players from all the Combined High Schools must be invited to participate with the teams organized by the Combined Organization. Any infractions of this rule will terminate Combined Organization status.
- d. There is no “cutting” of players that want to participate unless approved by the Girls Committee.
- e. Girls Combined High School Member Organizations must annually submit to the AHAI Girls Committee an online a “Combined Status Form” for approval no later than June 30th of the upcoming Playing Season.

17.13.13 Once approved by the AHAI Girls Committee, the core high school designations may not be changed without the approval of the AHAI Girls Committee. The designation of core schools shall remain the same from season to season unless a change is approved.

17.13.14 All Combined Girls High School Member Organizations must have a Board of Directors with at least one (1) representative from each High School that has an active player on the Combined Girls High School Team.

17.13.15 Girls High School Teams with more than six (6) schools within their combination are not permitted to enter the AHAI Girls State High School Tournament.

17.13.16 Combined Girls High School Member Organizations offering spring high school

teams will be limited to the same school combinations as the preceding fall season, unless an exception is granted by the AHAI Girls Committee.

17.13.17 A group representing players from a single High School within an existing Girls Combined High School Member Organization that seeks to become a separate Pure Girls High School Member Organization and Team must apply to the AHAI Girls Committee for approval prior to January 15th of the current playing season for the upcoming playing season. The AHAI Girls Committee will review, request additional documentation if warranted, and conduct interviews if deemed necessary. The AHAI Girls Committee shall submit a recommendation to the AHAI Board of Directors which will determine final approval no later than April 15th. Refer to Article 3 of the AHAI Rules & Regulations.

#### 17.13.18 Transition

The purpose of the transition rule is to provide a process to either divide a Combined Girls High School Organization into separate Combined Girls High School Member Organizations or redistribute the High Schools or players to improved or more logical combinations while allowing Junior and Senior players to finish their high school eligibility with their existing Girls Combined High School Team. When the AHAI Girls Committee determines the need to alter the roster of schools in a Combined Girls High School Member Organization, the Girls Committee may at its discretion allow incoming Juniors and Seniors to opt for staying with their existing Girls High School High School Team. It is a one-time option. Once they play for the choice of Girls High School High School Team, they may not change Girls High School High School Teams. This includes incoming Juniors; they are locked to that program for the remainder of their High School eligibility unless they transfer schools, in which case, they become subject to the restrictions published in these Rules and Regulations.

#### 17.13.19 Girls High School Varsity Player

Players selected for the Varsity high school team will be designated by the Girls High School Member Organization's Registrar in the AHAI Webtool Program with a "V". Varsity players are not permitted to be rostered on a Junior Varsity team.

#### 17.13.20 Girls High School Junior Varsity Player

A Girls High School Junior Varsity player will be designated by the High School Member Organization's Registrar in the AHAI Webtool Program with a "JV".

#### 17.13.21 Girls High School Player Movement

A Girls High School player may be dual rostered, meaning they appear on more than one roster within the same Girls High School Member Organization.

- a. Dual-rostered players must be on the team's official roster to participate with the team.
- b. The player must carry the designation of their primary team on both Official USAH Rosters. When placed on a second roster, they must carry the same primary team designation on the team to which they are dual rostered.
- c. The dual rostered players may play up in 9 league games on the non-primary team. Once they play in a tenth league game, it will lock that player to the non-primary roster for all games for the remainder of the season. They may not return to the lower-level team for ANY games, including all league and non-league, practice, scrimmage, or tournament/showcase games including the State Tournament.
- d. The player remains as a player on the primary team but is now locked to the non-primary team.
- e. The player's V/JV designation does not change on the certified roster, and the player is not removed from the primary team's roster.
- f. The primary team may not drop below the twelve (12) players and one (1) goaltender minimum roster requirements by reason of moving players up and being locked on the upper team. Games played by the upper team in violation of this rule will be forfeited and the player will be locked on the lower team.

17.13.22 It is recommended that there are two (2) goalies on each team. One goalie could be a goaltender dual rostered on the upper team. If there is only one goalie on a team, and there is not a team registered below them, a dual-rostered goalie from an upper team may only be on the lower roster as a Back Up Goalie, subject to Back-Up Goalie Rules.

17.13.23 No player may play down, except by petition if there is a crisis as determined by the AHAI Girls Committee and the AHAI Registrar. Individual leagues may be more restrictive but may not amend the rule to be less restrictive.

#### 17.13.24 Girls High School Goalie Exception

Girls High School Goalie exception for requesting a Goalkeeper from a source outside their own Affiliate Girls High School Organization.

a. All movement by goaltenders for a Girls High School Team from other than the school or group of schools in the case of a combined Girls High School Team must be: The result of a Girls High School Member Organization claiming hardship, namely not having a goaltender for one of their Girls High School Teams. A Girls High School Member Organization that has at least one goaltender for each Girls High School Team will be deemed to be a lower priority than a girl's high school team that has none. Petitions are made to the AHAI Girls Committee Chairperson or his/her designated coordinator. League presidents may help counsel a program in their league and advocate for them; however, the final approval is the responsibility of the AHAI Girls Committee Chairperson.

b. A Combined Girls High School Member Organization may not by definition cut any players, even when the program has more than two (2) goaltenders per high school team. They may council a goaltender that their playing time may be significantly *less than that* of the other goaltender. The goaltender then may elect to be placed into a pool of goaltenders to be placed on a girl's high school team claiming hardship. If the goaltender rejects this proposal, the original Girls Combined High School Member Organization must accept and coach the goaltender even if they do not play. The goaltender must fulfill the Girls High School Team's other requirements including school attendance and payment of fees.

c. A Girls High School Member Organization that cuts a goaltender or allows a goaltender to go into the pool may not claim hardship to obtain another goaltender from the pool.

d. A goaltender placed into the pool will be placed by the High School Committee Goalie Coordinator by priority:

e. First priority will be for Girls High School Teams with no goaltender at all.

f. Second priority will be geographic proximity to the acquiring Girls High School Team.

g. The Girls Committee/HS Committee Goalie Coordinator will attempt to place older, more experienced goaltenders on Girls Varsity High School Teams when the conditions above are met.

h. A goaltender who rejects their assignment will be removed from the pool and will be ineligible to be rostered on any Girls High School Team other than her original Girls High School Team to which she required no exception.

i. Goaltenders that are cut from Pure Programs may contact the High School Committee Goalie Coordinator to be placed in the Pool.

j. Individual Goaltenders and Girls High School Member Organizations may make no side arrangements to circumvent this process. If it is found that such an arrangement took place, the girls committee may impose sanctions including removal of the Girls High School Team from the State Tournament and denial of access to future goalie pools.

k. Girls' High School goaltenders may apply for a special exemption whereby they would be allowed for a single season to double roster on

both a girl's and co-ed High School Team if it is determined by the AHAI High School Committee Chair *in conjunction with* the AHAI Girls Committee Chair that there is a need. That exemption would only be valid for one season and that Goaltender would not be allowed to "triple roster" on any other team including but not limited to a Tier 1 team.

#### 17.13.25 Girls High School Back-Up Goalie Rule

Girls High School Back Up Goalie (HS BUG) - BUGs must be approved by the AHAI Registrar before they may be added to the Girls High School Team's USA Hockey Certified Roster.

a. Girls High School Teams may register a Girls HS BUG under specific circumstances. A Girls HS BUG may only be registered on a Girls High School Team if there is only one Goaltender on each of the Girls High School teams. Dual rostering should always supersede the use of a Girls HS BUG as the second goaltender on a team. A goaltender that is dual rostered to a Girls High School Team is considered to be a second goaltender on the team, which is a case when a Girls HS BUG may not be added to the team.

b. A Girls High School BUG may only be used in the case where the rostered Goalkeeper on the High School team is injured or ill. The Girls High School team must notify the AHAI Registrar and the AHAI Girls Committee Chairperson if they request to use the Girls High School BUG in a game. The notification can be made by phone but must be documented in writing by email and sent to the AHAI Registrar and the AHAI Girls Committee Chairperson. The Girls High School BUG cannot be used in a game until acknowledgement is received from the Girls Committee Chairperson and/or the AHAI Registrar. This rule does not restrict any league from having rules that would require additional prior notification and approval. In that event the Girls High School Team must also get approval from the league to play the Girls High School BUG. The league may be more restrictive in the ability to play a Girls High School BUG.

#### 17.13.26 Girls High School Bug Scenarios (not intended to be inclusive of all scenarios)

A High School girls' team has two teams and two goaltenders in their Girls High School Member Organization. In this case, the Girls Varsity Goaltender may be a HS BUG on the Girls JV team. The Girls JV goaltender should be dual rostered on the Girls Varsity team.

#### 17.13.27 7th and 8<sup>th</sup> Grade Skates

Pursuant to the Rules, players and/or students not attending a High School may not participate in any Girls High School Team and/or Girls High School Member Organization's activities. The following policy will allow Girls High School member Organizations to provide 7th and 8th grade students with the opportunity to participate in two (2) Girls High School hockey programs on ice activities each year, subject to the following:

a. Each Girls High School Member Organizations is limited to two (2) events per season. (The regular season is defined as September 1 through March 31)

b. Each Girls High School Member Organizations must provide written notice to the AHAI Girls Committee Chairperson and the AHAI Registrar of any date(s) chosen for an once 7th/8th grade event and receive approval from the AHAI Girls Committee and the High School League.

c. Only 7th or 8th grade students are eligible to participate.

d. Each participant must provide a written consent form executed by a parent or guardian consenting to the student participating in the event.

e. Each participant in the event must have a current USA Hockey registration.

f. Each participant must always wear full equipment during all on-ice activities.

g. Current Girls High School Players/Participants and/or students are not allowed on the ice during these skates. Girls High School Member

Organizations will only allow proper U.S.A. Hockey Registered and/or Certified Coaches from that Member Organization on the ice during the event.

#### **17.14 TAMPERING:**

No Player/Participant, Coach, Manager shall be solicited nor shall the possibility of playing Tier II Girls Hockey be discussed with any Player/Participant, Coach, or Manager of a National Bound Team at any Tier Classification until 48 hours after the last game on the last day of the Tier I & Tier II Girls' National Championships Tournament.

*(Exception - An existing Tier II Girls' Player/Participant, Coach, or Manager for the particular Tier II Girls' Affiliate Organization for which that Player, Coach, or Manager played for during the existing season and then only by that Tier II Girls' Affiliate Organization.)*

No Girls Member Organization may advertise Spring clinics or teams to players in other Girls Member Organizations at the National Bound age levels until 48 hours after the last game on the last day of Tier I & Tier III Girls National Championships Tournament.

If a Tier II Girls Player initiates contact with another Tier II Girls Member Organization, the Tier II Girls Member Organization must advise said Player it cannot discuss the matter and will advise the individual(s) of the date after which contact is permitted.

#### **17.15 COACH(ES) MOVEMENT**

AHAI Coaches who move from one Tier II Girls Member Organization to another Tier II Girls Member Organization cannot coach any of the same players from the previous season's AHAI/USAH rostered team for a period of one season with the new Tier II Girls Member Organization.

17.15.1 Classification: Coach is any rostered Head or Assistant Coach for a Tier II Girls Member Organization during the USA Hockey playing season. This includes a coach that is not rostered but coaches the team or is on the bench for more than 33% of the season.

17.15.2 Classification: Player is any player who was rostered on the same Tier II Girls Member Organization's roster as the Coach.  
*(Exception: family member or relative of the coach)*

17.15.3 Classification: Hockey Director of an AHAI/USAH registered Tier II Girls Member Organization shall not count as a Coach if listed on all of the Girls Member Organization's rosters as an Assistant Coach. If a Hockey Director is listed as the Head Coach of a team, the rules of sub-section 17.16.1 of this Article then apply. If there are unique circumstances that a Hockey Director becomes a Head Coach of a team during the season, the new Girls Member Organization may petition the AHAI Girls Committee for a ruling on the eligibility of the coach before the next season.

Coaches coaching players from a prior Girls Member Organization will be considered in violation of these AHAI Rules & Regulations

#### **17.16 PLAYER MOVEMENT**

Player movement between AHAI Girls Tier II Member Organizations is limited by age classification.

17.16.1 All 10U Tier II Girls' Teams are limited to a maximum of two (2) NEWLY added players to an organization at the 10U age level, who played for another Girls Tier II Member

Organization during the previous fall (*regular*) season. EXAMPLE: If a Tier II Girls Member Organization has more than one (1) team at an age level, they may not add more than two (2) players at the **age level**.

17.16.2 All 12U Tier II Girls' Teams are limited to a maximum of three (3) NEWLY added players to an organization at the 12U age **level**, who played for another Girls Tier II Member Organization during the previous fall (*regular*) season. EXAMPLE: If a Girls Tier II Member Organization has more than one (1) team at an age level, they may not add more than three (3) players at the **age level**.

EXAMPLE: If a Girls Tier II Member Organization has more than one (1) team at an age level, they may not add more than three (3) players at the **age level**.

17.16.4 At the 19U age level – any Girls Tier II Member Organization adding players from another Girls Tier II Member Organization from the previous fall (*regular*) season are limited to a maximum of three (3) NEWLY added players at the age **level** from said Girls Tier II Member Organization. EXAMPLE: If a Girls Tier II Member Organization has more than one (1) team at an age level, they may not add more than three (3) players at the **age level**.

17.16.5 Under **NO** circumstances or scenarios will the Player Movement Rule be implied to indicate that a Girls Tier II Member Organization may take the maximum allowed from multiple Member Organizations. EXAMPLE: 16u age level – Organization 'A' may NOT take three (3) players from Organization 'B' and three (3) players from Organization 'C'. This scenario exceeds the maximum NEWLY added players by three (3).

Exceptions to the Player Movement Rule:

- Players who previously played with a Tier II Girls' Affiliate Organization, as one of their choices, will not count against the maximum, regardless of their Affiliate Organization during the previous fall (*regular*) season.
- Players who played for a Girls Tier II Member Organization that does not field a team at a specific age level will not count against the maximum for the Girls Tier II Member Organization to which the Player moves.

Non-Compliance: Any Girls Member Organization's Team(s) in violation of the Player Movement Section of this Article will be ineligible to participate in that fall (*regular*) season's State Tournament. In addition, if the Team(s) is at the National-Bound age level, the Team(s) will be ineligible for participation in Districts or Nationals for the same fall (*regular*) season. - a. Applications for a new Combined Youth High School Affiliate Organization must be made by January 15<sup>th</sup> of the current playing season and have no more than four (4) schools in the combination.

*(For Girls high school rules see article 17)*

- b. Maximizes the “Essence of High School hockey” (*based on school district, community, and geographic proximity*). The priority of an AHAI Combined Member Organization shall be to combine players representing High Schools within the same school district. Such schools should be within geographical proximity of one another. The High School Committee may elect to use other measures when approving combinations.
- c. Ensures the long-term viability of a Combined Organization based on a projection of an adequate number of players each year for the foreseeable future (*viability not to be confused with competitiveness*).
- d. All eligible players from all the Combined Youth High Schools must be invited to participate with the teams organized by the Combined Organization. Any infractions of this rule will terminate Combined Organization status.
- e. There is no “cutting” of players that want to participate unless approved by the High School Committee.
- f. Combined Member Organization should have a minimum of two (2) High School Teams: varsity and junior varsity. Additional High School Teams may be formed as needed.
- g. There is no maximum number of players in the Combined Member Organization.

19.4.4 Combined Youth High School Member Organizations must annually submit to the High School Committee a “Combined Status Form” for approval no later than June 30<sup>th</sup> of the upcoming Playing Season.

19.4.5 Once approved by the High School Committee, the core high school designations may not be changed without the approval of the High School Committee. The designation of core schools shall remain the same from season to season unless a change is approved.

19.4.6 All Combined Youth High School Member Organization must have a Board of Directors with at least one (1) representative from each High School that has an active player on the Combined High School Team.

19.4.7 Combined Youth High School Member Organizations offering spring high school teams will be limited to the same school combinations as the preceding fall season.

19.4.8 Any deviations from Sections 19.2, 19.3, or 19.4 must be approved by the High School Committee.

A group representing players from a single High School within an existing Combined Member Organization that seeks to become a separate Pure Youth High School Member Organization and Team must apply to the AHAI High School Committee for approval prior to January 15<sup>th</sup> of the current playing season for the upcoming playing season. The AHAI High School Committee will review, request additional documentation if warranted, and conduct interviews if deemed necessary. The AHAI High School Committee shall submit a recommendation to the AHAI Board of Directors which will determine final approval no later than April 15<sup>th</sup>.  
(Refer to Article 3 of the AHAI Rules & Regulations)

## **19.5 TRANSITION RULE**

The purpose of the transition rule is to provide a process to either divide a Combined Youth High School program into separate Combined High School Member Organizations or re-distribute the High Schools or players to improved or more logical combinations while allowing Junior and Senior players to finish their high school eligibility with their existing Combined High School Team.

When the High School Committee determines the need to alter the roster of schools in a

Combined High School program, the High School Committee may at its discretion allow incoming Juniors and Seniors to opt for staying with their existing High School High School Team. It is a one-time option. Once they play for the choice of High School High School Team, they may not change High School High School Teams. This includes incoming Juniors; they are locked to that program for the remainder of their High School eligibility unless they transfer schools, in which case, they become subject to the restrictions published in these Rules and Regulations.

#### **19.6 HIGH SCHOOL VARSITY PLAYER**

Players selected for the Varsity high school team will be designated by the High School Member Organization's Registrar in the AHAI Webtool Program with a "V". If there are multiple Varsity teams, players will be designated with a "V1, V2, etc. respective of the order of the team selection. Varsity players are not permitted to be rostered on a Junior Varsity team. If there is more than one Varsity team, players may be on two (2) Varsity rosters within the same High School Member Organization according to the player movement rules below.

19.6.1 Tier I Youth players may play for a High School Varsity team but cannot play for a High School Junior Varsity team. However, Tier I female players may double roster to any High School Varsity or a High School Junior Varsity team.

#### **19.7 HIGH SCHOOL JUNIOR VARSITY PLAYER**

A High School Junior Varsity player will be designated by the High School Member Organization's Registrar in the AHAI Webtool Program with a "JV". If there is more than one Junior Varsity team, players will be designated with a "JV1, JV2, etc. respective of the order of the team. Junior Varsity players may be on multiple rosters within the same High School Member Organization according to the player movement rules below.

#### **19.8 HIGH SCHOOL PLAYER MOVEMENT**

A High School player may be dual rostered, meaning they appear on more than one roster within the same High School Member Organization.

19.8.1 Dual rostered players must be on the team's official roster to participate with the team.

19.8.2 A player may only dual roster up to a team one level higher.  
*(Example - They may allow a player to be dual rostered between two teams by rostering a player from a team 1 (one) level below such as JV2 to JV1, or Varsity 2 to Varsity 1, or JV to Varsity.)*

19.8.3 The player must carry the designation of their primary team on both Official USAH Rosters. When placed on a second roster, they must carry the same primary team designation on the team to which they are dual rostered.

19.8.4 The dual rostered players may play up in 9 league games on the non-primary team. Once they play in a tenth league game (which includes regular season and playoffs), it will lock that player to the non-primary roster for all games for the remainder of the season. They may not return to the lower-level team for ANY games, including all league and non-league, practice, scrimmage, or tournament/showcase games including the State Tournament.

19.8.5 If a team plays in more than one (1) league, the combined number of league games played count in the nine (9) allowed games before being locked to the upper team.

19.8.6 The player remains as a player on the primary team but is now locked to the non-primary team.

19.8.7 The player's V/JV designation does not change on the certified roster, and the player

is not removed from the primary team's roster.

19.8.8 The primary team may not drop below the fourteen (14) players and one (1) goaltender minimum roster requirements by moving players up and being locked on the upper team. Games played by the upper team in violation of this rule will be forfeited and the player will be locked on the lower team.

19.8.9 It is recommended that there are two (2) goalies on each team. One goalie could be a goaltender dual rostered on the next upper team. If there is only one goalie on a team, and there is not a team registered below them, a dual-rostered goalie from an upper team may only be on the lower roster as a Back Up Goalie, subject to Back-Up Goalie Rules.

19.8.10 No player may play down, except by petition if there is a crisis as determined by the High School Committee and the AHAI registrar.

**Individual leagues may be more restrictive but may not amend the rule to be less restrictive.**

### **19.9 HIGH SCHOOL GOALIE EXCEPTION**

High School Goalie Exception for Requesting a Goalkeeper from a Source Outside Their Own High School Member Organization

19.9.1 All movement by goaltenders for a High School Team from other than the school or group of schools in the case of a combined High School Team must be:

The result of a High School Member Organization claiming hardship, namely not having a goaltender for one of their High School Teams. A High School Member Organization that has at least one goaltender for each High School Team will be deemed to be a lower priority than a high school team that has none. Petitions are made to the Chairman of the High School Committee or his/her designated coordinator. League presidents may help counsel a program in their league and advocate for them; however, the final approval is the responsibility of the Chairman of the High School Committee.

19.9.2 A Combined High School Member Organization may not by definition cut any players, even when the program has more than two (2) goaltenders per high school team. They may council a goaltender that their playing time may be significantly less than the other goaltender. The goaltender then may elect to be placed into a pool of goaltenders to be placed on a high school team claiming hardship. If the goaltender rejects this proposal, the original Combined High School Member Organization must accept and coach the goaltender even if they do not play. The goaltender must fulfill the High School Team's other requirements including school attendance and payment of fees.

19.9.3 A High School Member Organization that cuts a goaltender or allows a goaltender to go into the pool may not claim hardship to obtain another goaltender from the pool.

19.9.4 A goaltender placed into the pool will be placed by the High School Committee Goalie Coordinator by priority:

19.9.5 First priority will be for High School Teams with no goaltender at all.

19.9.6 Second priority will be geographic proximity to the acquiring High School Team.

19.9.7 The High School Committee will attempt to place older, more experienced goaltenders on Varsity High School Teams when the conditions above are met.

19.9.8 A goaltender who rejects their assignment will be removed from the pool and will be ineligible to be rostered on any High School Team other than his original High School Team to which he required no exception.

19.9.9 Goaltenders that are cut from Pure Programs may contact the High School Committee Goalie Coordinator to be placed in the Pool.

19.9.10 Individual Goaltenders and High School Member Organizations may make no side arrangements to circumvent this process. If it is found that such an arrangement took place, the high school committee may impose sanctions including removal of the High School Team from the State Tournament and denial of access to future goalie pools.

#### **19.10 HIGH SCHOOL BACK-UP GOALIE RULE**

High School Back Up Goalie (*HS BUG*) - BUGs must be approved by the AHAI Registrar before they may be added to the High School Team's USA Hockey Certified Roster.

- a. High School Teams may register a HS BUG under specific circumstances. A HS BUG may only be registered on a High School Team if there is only one Goaltender on each of the High School teams. Dual rostering should always supersede the use of a HS BUG as the second goaltender on a team. A goaltender that is dual rostered to a High School Team is considered to be a second goaltender on the team, which is a case when a HS BUG may not be added to the team.
- b. A High School BUG may only be used in the case where the rostered Goalkeeper on the AHAI high school team is injured or ill. The High School team must notify the AHAI Registrar and Chairperson of the High School Committee if they request to use the High School BUG in a game. The notification can be made by phone but must be documented in writing in an email and sent to the AHAI Registrar and Chairperson of the High School Committee. The High School BUG cannot be used in a game until acknowledgement is received from the High School Committee Chairperson and/or the AHAI Registrar. This rule does not restrict any league from having rules that would require additional prior notification and approval. In that event the AHAI High School Team must also get approval from the league to play the High School BUG. The league may be more restrictive in the ability to play a High School BUG.

#### **19.11 HIGH SCHOOL BUG SCENARIOS**

*(not intended to be inclusive of all scenarios)*

The high school team has two teams and two goaltenders in their Member Organization.

In this case, the Varsity Goaltender may be a HS BUG on the JV team. The JV goaltender should be dual rostered on the Varsity team.

A High School Member Organization with 1 Varsity and 2 JV teams and 3 goaltenders may roster the JV 1 goaltender as a HS BUG on the JV2 team.

The JV 1 goaltender should be a dual rostered goaltender to the Varsity team, and the JV 2 team.

A High School Member Organization with 2 Varsity and 1 JV teams and 3 goaltenders may roster the V 2 goaltenders as a HS BUG on the JV1 team.

The V 2 goaltender should be rostered as the dual rostered goaltender to the Varsity 1 team, and the JV 1 goaltender as the dual rostered goaltender to the V 2 team.

#### **19.12 7<sup>TH</sup> and 8<sup>TH</sup> GRADE SKATES**

Pursuant to the Rules, players and/or students not attending a High School may not participate in any High School Team and/or High School Member Organization's activities.

The following policy will allow High School Member Organizations to provide 7th and 8th grade students

with the opportunity to participate in two (2) High School hockey programs on ice activities each year, subject to the following:

19.12.1 Each High School Member Organizations is limited to two (2) events per season. *(Season defined as September 1 through March 31)*

19.12.2 Each High School Member Organizations must provide written notice to the High School Committee Chairperson and the AHAJ Registrar of any date(s) chosen for an on-ice 7th/8th grade event and receive approval from the High School Committee and the High School League.

19.12.3 Only 7th or 8th grade students are eligible to participate.

19.12.4 Each participant must provide a written consent form executed by a parent or guardian consenting to the student participating in the event.

19.12.5 Each participant in the event must have a current USA Hockey registration.

19.12.6 Each participant must always wear full equipment during all on-ice activities.

19.12.7 Current High School Players/Participants and/or students are not allowed on the ice during these skates.

High School Member Organizations will only allow proper U.S.A. Hockey Registered and/or Certified Coaches from that Affiliate Organization on the ice during the event.

All coaches have an obligation and are required to be familiar with USA Hockey's Coaching Ethics Code. The USA Hockey Coaching Ethics Code can be found on USA Hockey's website. <https://www.usahockey.com/coachingethics>

## **ARTICLE 22 DISCIPLINARY ACTION**

### **22.1 DISCIPLINARY ACTION**

Violations of the By-Laws, Rules and Regulations, Guidelines, decisions and/or requests of AHAI (*including its' Committees*) and/or USA Hockey, and conduct deemed by the Rules & Ethics Committee of AHAI to not be in the best interests of amateur hockey, the purpose and/or intent of the By-Laws, Rules & Regulations. Guidelines, decisions and/or requests of AHAI (*including its Committees*) and/or USA Hockey constitutes conduct detrimental to and not in the best interests of hockey and makes the Player, Parent, Spectator, Coach, Manager, Team, League, Administrator, Minor Official, Referee and/or Linesman, Person, Member Organization and/or Sponsoring Organization subject to disciplinary action with possible suspension(s) by the AHAI Board of Directors and/or its Committees so empowered.

22.1.1 Normally, sanctions (*other than playing rule sanctions*) may be imposed only upon notice and a hearing, which is interpreted to be a reasonable opportunity to be heard. However, under certain circumstances, sanctions may be imposed without a hearing.

22.1.2 The general procedure for imposition of sanctions:

Notice - A reasonable opportunity to be heard which may be formal or informal, including discussions in person, by telephone or in writing. They may also include the statements or attendance of factual witnesses and the production of documents; and a decision which normally will be in writing, setting forth the sanctions and time periods as appropriate.

22.1.3 Sanctions may, however, be imposed without hearing:

Where there is no factual dispute and the sanctioned party does not request a hearing, setting out facts supporting a factual dispute, in writing within seven (7) days of receipt of written or verbal notice of the sanctions.

22.1.4 Where the AHAI Rules & Ethics Committee and or the AHAI Suspension Committee determines that the conduct is such that immediate sanctions are necessary in the best interests of hockey.

Some examples of conduct that may require immediate sanctions:

- a. Physical, sexual, or mental abuse of a player or person.
- b. Physical striking of a player or person, fighting, causing a fight.
- c. Using, selling or giving of non-prescription mind-altering substance.
- d. Violation of USA Hockey Policies or AHA! Policies of a comparable nature or the allegation.
- e. Any of the above.

These are examples but they are not exhaustive nor limiting in any manner.

The sanctioned party shall be advised of the sanction or sanctions verbally or in writing. If verbally, it shall be confirmed in writing together with the right to request a hearing. The sanctioned party may request a hearing in writing, in accordance with this Rule within seven (7) days of receipt of written notice of the sanction or sanctions. The request for a hearing shall set out facts and reasons supporting the need for a hearing and why immediate sanction(s) are not appropriate and shall be sent to the Chairperson of the Committee imposing the sanction(s). If the sanctioned party provides this notice requesting a hearing in accordance with this Rule, a reasonable opportunity for a hearing shall be provided within thirty (30) days of receipt of the notice by the Committee Chairperson or the sanctions shall be suspended on the thirty-first (31st) day after receipt of the notice by the Committee Chairperson, until a reasonable opportunity to be heard is provided. Where a reasonable opportunity to be heard is provided, the sanction(s) shall remain in effect until the hearing is conducted and a decision by the Committee provided.

22.1.5 Receipt of written notice of sanctions will be presumed three (3) days after deposit of the written notice, pre-addressed and correctly stamped in the United States Mail.

22.1.6 A Coach who allows a Player who has been suspended by virtue of a gross or match misconduct penalty, to dress, play or participate in practice shall be suspended from any further games until his/her case has been dealt with by the AHA! Suspension Review Committee. A reasonable opportunity to be heard shall be provided within thirty (30) days of the incident the Coach shall be automatically reinstated.

**This rule applies to ALL AHA! Hockey levels.**

22.1.7 A graduated penalty for coaches receiving penalties for "Abuse of Officials" shall be the following:

- a. The first occurrence would receive the One (1) game suspension prescribed by USA Hockey.
- b. The second occurrence in the same season would require a three (3) game suspension.
- c. A third violation in one season would require an indefinite suspension pending a hearing before the Suspension and Review Committee.

22.1.8 Zero Tolerance — In an effort to make ice hockey a more desirable and rewarding experience for all participants, AHA! has a very simple definition of Zero Tolerance, and any violation will not be tolerated.

The definition is: Any lack of respect or unsportsmanlike conduct will not be tolerated and will be a violation of AHA!'s Zero Tolerance Policy. This rule is designed to require all players, coaches, officials, team officials and administrators, parents, and spectators to comply with the Zero Tolerance Policy.

22.1.9 Each organization, player, coach, official, team officials and administrators, parents and spectators are expected to enforce this Policy. In addition, AHA! has instructed the Officiating Program to adhere to certain points of interest to enforce this Policy in all USA Hockey sanctioned games.

Thus, the following points of emphasis must be implemented by all On-Ice Referees and Linesmen:

#### 22.1.10 PLAYERS

A minor, major or misconduct/game misconduct penalty for unsportsmanlike conduct (*Zero Tolerance*) shall be assessed whenever a player.

- a. Openly disputes or argues any decision by an official.
- b. Uses obscene or vulgar language at any time, including any swearing, even if it is not directed at a particular person.
- c. Visually demonstrates any sign of dissatisfaction with an official's decision. Any time that a player persists in any of these actions, they shall be assessed a misconduct penalty. A game misconduct shall result if the player continues such action.

#### 22.1.11 COACHES

A minor penalty or game misconduct penalty for unsportsmanlike conduct (*Zero Tolerance*) shall be assessed whenever a coach:

- a. Openly disputes or argues any decision by an official.
- b. Uses obscene or vulgar language in a boisterous manner to anyone at any time.
- c. Visually displays any sign of dissatisfaction with an official's decision including standing on the boards or standing in the bench doorway with the intent of inciting the officials, players, or spectators.
- d. Any time that a coach persists in any of these actions, they shall be assessed a game misconduct penalty.

#### 22.1.12 OFFICIALS

Officials are required to conduct themselves in a businesslike, sportsmanlike, impartial, and constructive manner at all times. The actions of an official must be above reproach. Actions such as "baiting" or inciting players or coaches are strictly prohibited.

*On-ice officials are ambassadors of the game and must always conduct themselves with this responsibility in mind.*

#### 22.1.13 PARENTS/SPECTATORS

In an effort to help control inappropriate spectator behavior, the following AHAI rule is effective immediately.

- A game will be stopped by on-ice officials when the parents/spectators displaying inappropriate or disruptive behavior interfere with other parents/spectators or the game. The on-ice officials will identify violators to the coaches for the purpose of removing parents/spectators from the parents'/spectators' viewing and game area.
- Once removed, play will resume. Lost time will not be replaced. Violators will incur a minimum mandatory 5-game suspension from that team's games and may be subject to further disciplinary action by the local governing body.

## ARTICLE 23 APPEALS

### 23.1 APPEALS

Appeals of any AHAI Committee decision, except the Tournament Protest Committee which are covered in Article 13, may be made to the AHAI Board of Directors, or at the AHAI Board of Director's

discretion, an Appeals Committee of the AHAI Board of Directors' (*which for the purposes of this Article may be referred to as "Board of Directors" or "Board"*) or appeals of an AHAI Board of Directors decision will be heard by an Independent Appeal Committee appointed by the AHAI President. Information can be found on the AHAI website: [www.ahai.org](http://www.ahai.org)

23.1.1 The Appeals Committee may include uninterested individuals, AHAI Board members, or Emeritus who will review, hear and rule on the properly submitted appeal.

23.1.2 The Appeals Committee will also include a Consultant from the initial AHAI Committee who assessed a determination for which the appeal was filed. The Consultant will provide the Appeals Committee with information and background but will not partake in the decision-making process.

23.1.3 The appeal procedure is as follows:  
Appeals for consideration by the AHAI Appeals Committee must be submitted in writing to the President of AHAI ([president@ahai.org](mailto:president@ahai.org)) by the affected individual, or the AHAI Affiliate Organization's Teams' Officers and/ or Directors. The request to file an appeal must be received by the President within ten (10) calendar days of the respective Committee's notice of determination for which the appeal is being filed. The appeal must state the reason and basis for the appeal. The AHAI "Appeals Form" will be made available to the appealing party upon their notification to the AHAI President.

23.1.4 Valid reasons for an Appeal:

- A gross abuse of discretion of the initial hearing body
- Failure to follow AHAI or USAH's By-Laws or Rules and Regulations that substantially and adversely impact the decision
- Findings not based on the hearing, investigations, experience or expertise of the hearing body that substantially and adversely impacts the decision
- Decision is not supported by findings

23.1.5 The Appeals documentation must be accompanied by a \$250.00 Filing Fee that shall be paid by "certified check" only.

23.1.6 Only the evidence and theories explicitly presented to the initial decision-making body for consideration prior to the rendering of its decision and made part of the Appeals Form shall be presented or considered for appeal.

23.1.7 An appeal is not a rehearing of the facts. An appeal is limited to why the decision of the initial hearing body should be modified or reversed. The burden of proof shall be on the person or party attempting to have the decision modified or reversed. Any disciplinary action as a result of the initial or any other hearing or decision shall remain in full force and effect until it expires, or the appeal authority modifies it.

23.1.8 The AHAI Appeal Authority (*AHAI Board of Directors or the Appeals Committee*) may hold a hearing, at its option, or consider the appeal on the written submissions of the parties to the appeal. If the appeal is only based on written submissions, the Board shall provide the original decision-making body the opportunity to respond, in writing, to the appealing party's Appeal Form. Notice of a Hearing shall be given to all parties. In the event the AHAI Appeals Committee determines to hold a hearing, individual, member team officers, and/or directors and persons with knowledge, must appear before the AHAI Appeals Committee at the time and place specified by the AHAI Appeals Committee and

present the appeal.

23.1.9 Decisions of the AHAI Board of Directors or the Appeals Committee will generally be given to the individual, Member Organization's Team Officer and/or its Directors within seven (7) calendar days after the hearing.

23.1.10 All decisions of the AHAI Board of Directors are final.

## ARTICLE 24 OFFICIATING

### 24.1 REGISTRATION

An Ice Hockey Official who is properly registered with USA Hockey, AHAI, and the Illinois Hockey Officiating Association (*IHOA*) will be eligible to officiate any and all games played between USA Hockey/AHAI properly sanctioned and registered teams.

### 24.2 PURPOSE

The involvement of AHAI in officiating matters is solely for the purposes of promoting qualified officiating through which Officials are properly trained; an equitable assignment system; and prompt compensation of Officials by those who retain their services. Through its involvement, AHAI seeks to foster a system which provides qualified officials the opportunity to officiate in a competitive hockey environment.

- 24.2.1 To carry out these purposes, AHAI suggests to AHAI scheduling partners:
- a. High quality education and instruction to improve the knowledge of officiating.
  - b. A mentoring program to assist in officiating experience and skill development.
  - c. Exposure to advanced competition through participation in high caliber games and tournaments.
  - d. Evaluation to assist in growth potential and development. AHAI's involvement in officiating is specifically not intended to create an employer-employee or principal-agent relationship between AHAI and any official. Nothing in this Article should be interpreted as creating such a relationship.

### 24.3 AHAI DESIGNATED ASSIGNER

The AHAI Board of Directors shall annually and by August 30th designate and approve an Assigner of Officials. This person(s) or entity shall be the exclusive body approved by AHAI to provide assignment services for AHAI Affiliate Organizations for Officiating Services at all USA Hockey sanctioned events in Illinois. The Officiating Assigner is an independent contractor of AHAI and not an employee or agent of AHAI.

All Officials (*Referees and Linesmen*) must be registered with USA Hockey and AHAI through the designated process. All Officials working in any USA Hockey sanctioned event in Illinois must wear the current USA Hockey Officials crest as prescribed and required by USA Hockey.

### 24.5 RETENTION AND COMPENSATION OF OFFICIALS

## ARTICLE 25 PLAYING RULES

The Amateur Hockey Association Illinois, Inc. shall follow the Official Playing Rules of USA Hockey. Any exceptions or additions to these Playing Rules must be approved by the AHAI Board of Directors.

### 25.1 FIGHTING PENALTIES

USA Hockey Rule 615

Note: A punch, or an attempted punch, thrown by any player in the direction of an opponent, regardless of whether contact is made, is considered fighting.

(a) A major plus a game misconduct penalty shall be assessed to any player who engages in fighting. An additional minor penalty shall be assessed to any player who starts or instigates fighting.

(b) A minor penalty shall be assessed to any player who drops their stick and/or removes their glove(s) during an altercation and is not a participant in the original altercation. A game misconduct penalty shall be added if, in the judgment of the Referee, such player is deemed to be the instigator of a subsequent altercation.

(c) A minor, double minor or major plus game misconduct penalty, at the discretion of the Referee, shall be assessed to any player who, having been struck, continues the altercation by retaliating. A player who does not retaliate after being struck shall not be assessed as a penalty for fighting under this rule.

Note: The Referee is provided very wide latitude in the penalties that they may impose under the rules, including Rule 601 "Abuse of Officials and Other Misconduct" in an effort to discourage fighting. This is done intentionally to enable the Referee to differentiate between the obvious degrees of responsibility of the participants either for starting the fighting or persisting in continuing the fighting.

(a) A Major plus game misconduct penalty shall be assessed to any player involved in fighting off the playing surface, before, during or after the game.

(b) A Match penalty (for all age classifications) shall be assessed to any player who deliberately removes their helmet/facemask prior to an altercation. A match penalty (for all age classifications) shall be assessed to any player who deliberately removes their opponent's helmet/facemask prior to or during an altercation.

(c) A Game Misconduct penalty (for all age classifications) shall be assessed to any player whose actions, during an altercation, cause the removal of an opponent's helmet and facemask. The player or goalkeeper shall be suspended for the team's next two scheduled games. This two-game suspension is in addition to any other required suspensions incurred during the same incident.

(d) A Game Misconduct penalty (for all age classifications) shall be assessed to any player who doesn't wear their helmet/facemask as designed and the helmet/facemask is removed during an altercation.

(d) A Game Misconduct penalty shall be assessed to any player or goalkeeper who is the first to intervene in an altercation then in progress. This penalty is in addition to any other penalty incurred in the same incident.

(e) A Minor penalty shall be assessed to any player who fails to move immediately and directly to their players' bench (or goal crease for a goalkeeper) when instructed to do so by the Referee during an altercation.

(f) Any player who receives a second major penalty for fighting with the same team during the same season shall receive a three-game suspension. For a third fighting major with the same team in the same season, the player shall be suspended until a hearing is conducted by the proper authorities under Rule 410 Supplementary Discipline.
