Referee in Chief: Kevin Redding – Playoff Update we ended up covering 454 games total across a four week time span, that is a total of 920 officiating assignments numbers for the season from the eight months from August through mid March, we covered over 9700 games total and within those 9700 games that's 19,026 officiating assignments. Coaching Education Program: Marisa Berti - we do have a new coach developer who will be joining us next season, Jake Lynch and Coach Developer Academy will be taking place in Columbus, Ohio in June which will allow us to start our clinics earlier this season potentially in July

Registrar: Mary Turner – There are a number of changes, especially residency for next season, and we will get that information once finalized at the USA Hockey meetings in June. Players must register under their parents' address; billets' address does not count towards residency; affiliate agreements are in the works between all of the surrounding affiliates.

If your program is sending a team to any tournament that runs after nationals and through the summer, your registrar can make you a spring summer roster

CEP classes, it makes me very happy because keep in mind, any coach who was redlined because they didn't have their CEP up to date cannot be rostered until they have that fixed.

District Commissioners: Stefanie Mount

We had more match penalties and more hearings this past season than in any of the previous six years, Parental behavior is continuing to be an issue please talk to your programs and reinforce the code of conduct

Eligibility Committee: Mary Turner

We had a request for a might age goalie to play up to the second squirt team because no goalie was available for the second squirt team which was tabled.

We had a request from a program to have two mites play up for next season and we denied that request

We're working on another goalie request, so we don't have a decision as of yet.
