

## **TBall League Rules**

**Ages: 4, 5, 6    Grades: 4K & 5K**

1. Target game length is between 1 Hour & 1 Hour 15 Minutes. Pending on the size of your teams, this can be 3 or 4 innings.
2. All kids bat & play the field each inning.
3. Field size is 46' bases (same as other youth levels)
4. After hitting the ball off the tee, all players advance 1 base. There are no outs in this game.
5. Ball must be hit approximately 10 feet when hitting off the tee. If it travels less than that, let the player re-try.  
(often, teams will draw a line on the field showing the 10 foot line)
6. The last batter in the lineup will run all bases. All other players on base will run all the way home as well.
7. No Winner = No Score

**\*\*\*Base Races:** One of the kids favorite part of TBall is the base races. One team lines up on Home Plate. The other team lines up on 2nd Base. This is a relay race. One player runs all the bases, carrying a baseball. After they finish running all the bases, they hand the ball to the next player in line. First team to have all their players run the bases is the winner. (if one team has more players than the other, players may need to run more than once)

TBall is 100% about having fun and teaching the kids a little bit about baseball.

Goal: Have fun & have the kids join baseball again next season!
