

Ponytail Tournament Payment Options

We encourage all teams to pay their tournament entry fee online using a credit card or the available **e-check (ACH)** payment option during online registration. The e-check option provides the convenience of paying directly from your bank account while avoiding the delays associated with mailing a paper check.

If your organization is unable to pay online by credit card or e-check, please contact the Tournament Director **before registering** to request approval for payment by mailed paper check. You will be provided with a registration code that will allow you to complete your online registration while indicating payment by mailed check.

Teams Paying by Mailed Check

- Teams must obtain a check payment code from the Tournament Director prior to completing registration.
- Approved teams must mail their payment within **15 business days** of registering. Teams registering after **January 1** must have their payment postmarked no later than **January 15**.
- A team's spot will be held pending receipt of payment but is **not considered fully confirmed until payment has been received**.
- If payment is not mailed by the required deadline or is not received within a reasonable timeframe, the tournament reserves the right to cancel the registration and offer the spot to another team or a team on the waitlist.
- Tournament registration closes on **Friday, January 15**, or when all divisions reach capacity, whichever occurs first.

If your organization needs additional time to submit payment or encounters any issues with the payment process, please contact the Tournament Director as soon as possible. We understand that payment approvals and processing can sometimes take longer than expected and are happy to work with teams whenever possible. The key is communication—please keep us informed of your timeline and payment plans so we can work together to ensure your registration remains in good standing.
