  - d. 80, 75 or 70 min slots that are to be used for Scrimmages. Published on your calendars as TBA Scrimmage. You need to arrange the opponents or it can be used as solo ice. Squirts and 10's can use any solo slots they have to arrange their scrimmages. Not published on their calendar as scrimmages unless it is for Squirt Kickoff or if they have already arranged it with me.
- 2) Goat Hill ice—expected 12/1/25. All slots are 60 min with zam inbetween. This ice is to be treated like indoor—however, no scrimmages allowed there. Use the event changes on the manager page of Avario to make updates to these slots

  - a. We will publish 11/8/25-12/10/25 (and 12/23-12/27) on 11/2/25.
  - b. We will publish 12/11-- end of the season as soon as the Junior Gold game schedule is completed likely 12/1 time frame.
    - i. Again, there is an overlap between published events and game schedules. Some events may change between publishing and start of league play.
- 6) As always, once the schedule is published to your calendar, you are responsible for it. We cannot take back ice after it has been published, it will be counted towards your team's hours.
  - a. Each manager will be given access to Event Changes in Avario (ice scheduling software)- see this video for instruction on how to use it.

  - b. If you find some ice at Eagan or Woog, please notify us as it will be charged to EHA and we want to track the additional team ice. Please make sure to give your name and team name so we can track it to a particular team. If it is at another rink, you do not have to

notify us unless all the ice has not been published yet and you want to let us know you need a date block.

- c. You will have to pay for the ice from team funds and be reimbursed by the EHA treasurer

#### 7) Dryland

- a. Best Shift Training (EHA travel teams)
  - i. Wednesdays 2 hour sessions
  - ii. 1-3 training sessions throughout the season
- b. ECA shooting, Turf
  - i. Reserve time through me or any home game slot you have at ECA we will put dryland on your calendar 1 hr prior to your game time at ½ hr intervals. If you do not wish for this dryland pls let me know and I will omit your team from this reservation.
- c. STA dryland automatically included for every on ice hour we have. the dryland is due to be used AFTER your ice slot. We can make arrangements if you have later ice and want to attend the session prior to ice or if you have a scrimmage and want to use it prior to the scrimmage. but those will need to be arranged with me. If you see dryland on your schedule here and don't want to use it, use the event changes to remove it.

#### 8) Goalie Clinics

- a. At Eagan for anyone on Sundays and at VMCC or Woog on Mondays for the co-op
- b. Early ice is younger teams
- c. Later ice is older teams
- d. Note some dates are earlier than in years past. If you can't attend due to tournaments or games, no big deal. Goalies are rostered on a calendar and can use that to plan.

#### 9) Every team has been assigned to shared practices entitled "SKILLS". **Do not schedule scrimmages on these days as these sessions cannot be made up.**

- 10) We do not buy ice past the first day of districts for teams. You have one sheet of ice the Board will reimburse you for to schedule your own practice the week of districts. One sheet is one solo or can be two shared if you find a team to share ice. State is two sheets of ice and so is Regions.
  - a. Bantam A, B1, Peewee A, B1, U12 girls → this means your ice allocation stops on 2/15/24. When you know your district playoff games, you can find some practice ice to fill in.
  - b. Bantam B2, BC, Peewee B2, C, Squirts and U10 girls → you will need to find ice 3/1 and beyond.
