SUPPORT YOUTH HOCKEY IN ACADIANA

There are several ways your business can partner with LAHA and the Louisiana Jr. Drillers. Whether your goal is to promote your business, help a child get on the ice, or invest directly in the growth of our program, your support makes an impact.

1. PROMOTE YOUR BUSINESS

Choose a sponsorship opportunity that provides business recognition while supporting local youth hockey.

PRACTICE JERSEY SPONSORSHIP - \$3500

Sponsor logo placement on Jr. Drillers practice jerseys worn throughout the season, plus additional sponsor recognition. Two co-sponsor spots at \$1,750 each.

SEASON SPONSORSHIP LEVELS

For businesses that want season-long recognition without jersey placement, choose a level below. Recognition increases with the level of support.

Season Sponsorship Levels

Level	Amount	Recognition
Supporter	\$100	Business name on sponsor page + Jr. Driller puck
Community Sponsor	\$250	Supporter benefits + Business name on Sponsor T-shirt
Team Sponsor	\$500	Above + social media recognition + Rally Towel
Premier Sponsor	\$1,000+	Above + Jr. Drillers blanket

SPONSORING THROUGH A JR. DRILLERS PLAYER?

We encourage our players to seek sponsorships from local businesses, family, friends, and community partners.

When a sponsorship is personally obtained by a Jr. Drillers player, LAHA's 50/50 Player Sponsorship Policy applies:

50% of the sponsorship is credited toward that player's registration fees, and 50% supports LAHA and the Jr. Drillers program.

The sponsoring business still receives the FULL sponsorship level and benefits based on the TOTAL amount contributed.

Example: A business sponsors \$500 through a Jr. Drillers player. The business receives all \$500 Team Sponsor benefits, \$250 is credited toward the player's registration, and \$250 supports LAHA.

2. HELP A KID PLAY

Some businesses are not looking for advertising - they simply want to make a difference.

Businesses may sponsor one or multiple players and do not need to know or select a specific child. LAHA will apply designated assistance through its player-assistance process. For more information, please contact us.

3. BUILD THE PROGRAM

Fund equipment, resources, or improvements that benefit players across the LAHA program.

Businesses may fund an entire project or contribute toward a larger need. Current and future needs may include:

- New skate sharpener
- Loaner hockey equipment
- Goalie equipment
- Training equipment and pucks
- Safety and first-aid supplies
- Equipment storage and other program improvements

This option is ideal for businesses that want to see their contribution invested directly into resources that serve our players and help grow hockey locally.
