

My name is Prudence, and I have been skating with Swan City Ice Skaters since January of 2019. I enjoy working with the younger skaters and introducing them to a sport I love very much. I have experience with assisting with Learn to Skate and I am looking to help out more in the coming years.

I skated with SwanSyncsation for 2 years and Wisconsin Inspire for 5 years. I have competed in different levels with synchro ranging from beginner to most recently Juvenile. In the 2025-2026 season, I cross skated between Juvenile and Open Juvenile. Our Juvenile earned a trip to Nationals which was an amazing experience. I can help you achieve your goals to go where you want in this sport. I do have a little of experience in solo competitions and plan on going back into it in the coming season.

I recently passed my Pre-Silver Skating Skills test and passed my Bre-Bronze Follow Solo Dance tests. I am currently working on my Bronze Follow Solo dances as well as Silver Skating Skills test.

I am looking forward to meeting you on the ice and helping you reach your own skating goals. You can reach me via text at 920-626-2574.
