

Hi! My name is Talia. I've been skating with SCIS since I was 5 and have loved being on the ice ever since. I enjoy performing in ice shows, competing in solo events, and skating with younger kids.

I compete on the Waupun High School solo team and will also be competing in the Excel Series this year. I have passed my Bronze Skating Skills test and my Pre-Preliminary Free skate test.

For the past two years, I've helped with Learn to Skate classes, first as an Ice Nanny and now as a Junior Coach. I love helping kids gain confidence, learn new skills, and have fun on the ice. When I'm not skating, I enjoy spending time with friends, playing cards, and camping. I'm excited to help skaters reach their goals and enjoy their time on the ice.
