

Shalyn Hady joined the Swan City Ice Skaters Board of Directors in 2026, bringing with her a lifelong connection to the Beaver Dam Family Center and its programs. As a child, she participated in Swan City Ice Skaters learn-to-skate classes and ice shows alongside her sister, while spending countless hours at the Family Center cheering on her stepbrother during his hockey career. Her family has deep roots in the facility, as her stepfather was among the many volunteers who helped build the indoor ice arena in its early years and later coached youth hockey through his son's high school career. Shalyn's stepbrother was one of the first group of hockey players to skate on the Beaver Dam Family Center's indoor ice rink in 1982.

Today, Shalyn and her husband, Justin, continue that family tradition of service and involvement. Their children, Logan and Evelyn, participate in hockey and the synchronized figure skating programs at the Family Center while Shalyn and Justin serve on the boards of Swan City Ice Skaters and the Beaver Dam Hockey Association, respectively. Together, they are committed to preserving and strengthening the Family Center's legacy for future generations of figure skaters, hockey players, and families throughout the community.

Shalyn earned a Bachelor of Arts in Communications from the University of Wisconsin-Whitewater and works professionally as a Senior Talent Acquisition Specialist for a local community bank.
