

HULL HOCKEY

2027 SUMMER DEFENSE CAMP

AN ENTIRE SUMMER CAMP JUST FOR OUR DEPARTMENT OF DEFENSE

THE MODERN D-MAN

The modern game requires every player on the ice, no matter the position, to be as skilled as possible, starting with skating. Defenseman like Cale Makar, Lane Hutson, Quinn Hughes, etc, are changing the way we look at defenseman.

UNRIVALED ENVIRONMENT

One of the main reasons why this camp is so enjoyable is the fact that we bring exceptionally high energy with modern & unique drills with an abundance of repetitions at a pace you won't find anywhere else.

SKATING = SUCCESS

Whether you're a goalie, center, winger or defenseman, skating will always be the biggest differentiator between the great players and good players. The first hour of each skate will be dedicated to defense-specific skating such as backwards edge work, Transitions & footwork, backwards quick starts & acceleration and so much more! You WILL notice a difference.

CONFIDENCE IS KEY

Speaking of skating, a player's confidence is directly correlated to their skating ability. Once the skating becomes a focal point, other position-specific patterns and skills will become important in execution. During the season, especially for defensemen, there is just not enough time to reel in the little things that make the biggest differences.

THE LITTLE THINGS

The defense position comes with great responsibility. Devoting the time to perform the finer details of defense-specific patterns and movements will lead to more consistent decision-making skills creating a more reliable product. Skating = Confidence = Executing the little details without hesitation.

TRANSFORMATIVE CONNECTION

Our staff has always been dedicated to helping our players from the get-go. None of our coaches are there to just collect a paycheck. They know what it takes to make a difference. Our staff is constantly growing and constantly improving. We guarantee you that the value we bring through teaching in a high energy and industrious culture will transform the way you think about coaching. We are setting the standard. We invest a lot into our coaches, and we just know you will see and feel the difference.
