The Rampage organization is on a mission to enrich the lives of our athletes through the sport of hockey, preparing them not only for success on the ice but also for their future endeavors beyond hockey. Established in 2002, the Colorado Rampage is headquartered in a privately owned and family-operated facility at Monument Ice Rinks in Monument, Colorado, offering our members the unique advantage of training at over 7,000 feet in elevation every day. The rink sits on almost 10 acres of land and 55,000+ square feet of buildings dedicated to training and development.

Monument Ice Rinks is also home to the 365 Performance Hockey Academy, providing athletes access to hybrid/online learning platforms that offer flexibility in their academic and training schedules. Our state-of-the-art 365 Performance Gym, staffed by NSCA and CSCS certified trainers with extensive backgrounds in NCAA, Professional, and Olympic sports, offers a comprehensive training experience like no other. Stocked

with equipment such as Aridyne bikes, SmartFit boards, power racks, prowler sleds, run-rockets, Gyrostim, force plates, and more, our gym is tailored to elevate physical and mental performance. Additionally, we provide coaching in mental performance, nutrition, health & wellness and other areas that lead to healthy habits for life.

Our on-ice coaching staff, with experience from high-level Junior, NCAA, Professional, NHL, and Olympic arenas, is committed to elite player development and team building. Athletes have the opportunity to be on the ice and in the gym multiple times a day, all year long, under the guidance of professional coaches.

The Colorado Rampage is a one-stop shop that has all the tools an athlete needs to achieve their goals of playing Junior/College/Professional hockey. Athletes will also leave with life-long friendships and character development/skills that will help them succeed in any area of their lives.

## NCAA READY PLAYERS

The Rampage program was built on outworking our opponents day after day. We believe in a growth mindset and that getting outside of our comfort zone in training is essential to growth. We compete in one of the best youth hockey leagues in the country and train with an intense focus on competing and outworking everyone on the ice against us. The combination of training opportunities and competition ensures our players develop and play at the highest levels. The success Rampage players continue to experience reinforces the Colorado Rampage as a premier organization in the United States.

## **TIER 1 ELITE HOCKEY LEAGUE**

---

Tier 1 Elite Hockey League is the Nation's premier amateur hockey league featuring more than 20 organizations stretching from coast to coast. With significant visibility, top-level talent, and elite coaching often coming from the upper levels of professional hockey, the Tier 1 Elite League boasts the ability to move young, talented players to organizations such as Major Junior, Tier I Jr Hockey, NCAA Hockey, NHL, and other professional leagues. The T1EHL showcase tournaments and games are heavily attended by scouts from the USHL, NCAA schools, and the OHL due to the convenience of seeing many top players in one game or weekend. A significant percentage of Tier 1 players move on making this league one of the most respected in the United States for amateur hockey.

# The **RAMPAGE** Way

## **NOBODY OUTWORKS THE RAMPAGE**

You will outwork your opponents every day. You will do the hard things required to make it to the next level in this game, knowing that the hard work will pay off in the game of hockey and in your everyday life.

## **KAIZEN (CONTINUOUS IMPROVEMENT)**

“Be better today than you were yesterday”. Having a growth mindset (vs. a fixed mindset) is a requirement to be an elite level player and person. A player that focuses on continuous improvement realizes that there is no end to their development journey. Failure/Pain is a requirement for growth. Make mistakes, adjust and then make more mistakes. Constantly “targeting the struggle” every day.

## **NOTHING IS GIVEN, EVERYTHING HERE IS EARNED**

Hockey is a privilege. Every day on the ice is a privilege. Playing time, special teams, practice time, gym time, is all earned.

## **EMPATHY, GRATITUDE, KINDNESS**

“A second-class citizen can never become a first-class hockey player”

We are grateful for the opportunity to do what we do. Treat your family, team, coaches, teachers, classmates, and anyone else in your life with respect, empathy, gratitude and kindness.

## **LIVE TO COMPETE**

We COMPETE no matter what. Down a goal, compete. Up a goal, compete harder. The competitive spirit drives us to achieve our goals and maximize our development. Competitors care.

## The **RAMPAGE** Billeting Program

There are many factors that play a role in the growth of our athletes. One very important role is the billet host families your child could live with if your family resides out of state. Without them, our organization would not have the continued success as one of the best programs in the Western United States. Our billet homes are heavily vetted and interviewed to ensure that your player will have a safe and comfortable home during their school year and season in Colorado.

The Colorado Rampage Hockey program feels that one of the components of success for these players is to provide a comfortable living environment. Much is expected of these players both on and off the ice and the added demands of living away from home and their families often creates added stress for them. As a result, we strive to find homes that provide a positive family environment. To help alleviate such inherent anxieties, our players, in turn, are strongly encouraged to embrace the challenges of moving into a new household and become actively involved with the family that has so generously welcomed them into their home. We value the importance of the billet families who open their homes to our players

and appreciate the efforts made by the entire family in making our players' transition and pursuits easier.
