Dear Prospective Donor,

The Bucks Elite Hockey organization is excited to share our mission and invite you to support youth hockey in the Phoenix Valley. Bucks Elite Hockey is a non-profit travel hockey club that plays out of the Arizona Made Ice Forum ice rink in Mesa, Arizona. We currently field teams from ages 11 through 18. As an organization, we've identified a critical gap in the hockey offerings across Phoenix. Players today have the option of House League hockey (a "rec" league) or prohibitively expensive elite travel programs that require multiple out of state trips. The Bucks have set out to bridge the gap between these two options by providing competitive, high-quality hockey that is affordable for Phoenix valley families.

Our club participates in a mix of competitive local tournaments as well as 2-3 tournaments in neighboring states that are within driving distance. This approach maintains a high level of competition while removing the burden of frequent flights and hotels that contribute to the high cost of travel hockey.

Your donation will directly impact hockey players who have earned the opportunity to compete at the next level. Contributions are what allow us to subsidize fees for players whose families face financial constraints. This ensures that every child with the talent and dedication to play can do so regardless of their financial circumstances.

We welcome monetary donations at any time throughout the year, and we're also grateful for donations of physical items for our annual silent auction fundraiser. For businesses interested in a sustaining partnership that includes advertising opportunities and team jersey sponsorship, we have dedicated sponsorship levels. As a 501(c)(3) organization, all contributions are tax deductible.

Every contribution, regardless of size, helps us continue building a program where these young hockey players can pursue their sport without breaking their families' budgets. Thank you for considering supporting Bucks Elite Hockey and the incredible young people who make up our club.

Bucks Elite Hockey

About ADHL Bucks Elite Hockey

ADHL Bucks Elite Hockey is a youth travel hockey organization serving players and families in the greater Phoenix Valley. Our mission is to nurture a passion for hockey among young athletes while fostering personal growth, sportsmanship, and teamwork. Through dedicated coaching, competitive play, and a supportive hockey community, we aim to develop skilled hockey players and resilient individuals equipped with the values of discipline, respect, and integrity.

Our Culture

The Bucks have built a fun, family- and team-oriented environment centered around the physical and mental benefits of a hockey season. We offer a highly competitive travel hockey program and compete in local and drivable out-of-state tournaments to give players a variety of experiences while helping limit the cost burden on families.

We recognize that every family's situation is different, and we believe all players with the drive and determination to play should be given the opportunity to do so. We understand that our integrity as athletes and coaches is defined by our actions, and that competition and adversity do not build character, they reveal it. We strive to provide the best hockey experiences for players and parents while elevating our kids to be the best people they can be.

Why Your Sponsorship Matters

Many families choose the Bucks specifically because of our mission to keep the sport affordable for players. The Bucks established the Family Assistance, Resources and Multi-Use Fund (FARM) Fund to provide deserving players with financial assistance and reduce barriers to participation. In the 2025-26 season, over 60% of our players were on some level of scholarship, allowing many of these players to participate in high-level travel hockey for the first time.

Your support helps us:

- Keep hockey accessible for motivated players regardless of financial situation.
- Provide high-quality coaching, practice time, and competitive opportunities that accelerate skill development and personal growth.
- Reinforce core values—sportsmanship, integrity, respect, and teamwork—that benefit players far beyond the rink.

In partnering with ADHL Bucks Elite Hockey, you are directly investing in young athletes, healthy families, and a values-driven community program.
