- The restart rule allows for play to resume while a defensive player is within 5 yards of the player in possession. In all cases, the opposing player is required to allow the ball carrier a path to the goal and may not play the ball carrier until a minimum distance of 5 yards has been achieved. Foul against a Defensive player is Delay of Game, flag down, technical foul
- "Targeting" checks with crosse or body will result in a 3-minute non-releasable penalty and ejection from the game.

- Possession has to be established in the offensive box for Over & Back to be called. A defensive player may reach over the midline with his crosse and bat the ball to keep it in his team's offensive half and thus prevent an over-and-back violation. However, he may NOT reach over the center line and bat the ball with his foot or any other part of his body except his gloved hand wrapped around his crosse. If he does so, it shall be turnover
- During a Flag Down Slow Whistle (FDSW), the offensive team is no longer required to keep the ball in the attack box.
- A second flag down will result in a whistle to stop play once the offensive is no longer *in progress*.
- A shot is when the ball is propelled (either thrown from a crosse, kicked, or otherwise physically directed) toward the goal by an offensive player with the intent of scoring a goal. A shot can only be made when the ball is parallel or above the goal line extended.
- Sub-High School games don't require 6" of tape/paint for the face-off players.
- A goal is good if the shot is released before the clock turns 0 and the shot may hit the ground and/or a defensive player.
- If a stall warning is issued (and not under 2 minutes with less than four goals differential) and there is a shot, which the goalie saves or hits the pipe of the goal will end the stall warning.
