

## Mackensey Hering, SPYHA Board nomination candidate profile

I am volunteering for the Sauk Prairie Hockey Association board because our family has a strong love for hockey. When I was younger I grew up watching my brother skate here at Sauk and it has always been something I have loved to watch and be a part of. In 2022 we signed our oldest son Ryder to play 6U and we have loved it ever since. We have loved watching his skill grow not just every year but every practice. I admire the coaching staff and all the other volunteers that have helped create such a great experience on the ice for my kids, but I also admire the board members, volunteers and parents who help our rink operate and provide such a family friendly atmosphere that feels like home every season.

I know my family and I are in this for the long haul and I am interested in volunteering my time in whatever way that I can to be more involved whether that be running on the board, team manager for my sons upcoming 10U season, concessions etc. or anything where there is help needed. I enjoy talking about how much we love hockey and take lots of pride in our rink as a whole. I am ready and willing to learn what is needed to be a better volunteer, member of the board, and a helping hand in continuing to provide a great experience for our current and future hockey families of SPYHA.
