

SPYHA Board of Directors

My name is Shaun Glynn and I currently serve as the association Hockey Director. My wife Cara and I live locally in Prairie du Sac and our sons Cooper (7) and Brody (5) play hockey in the SPYHA. Growing up, I played youth and high school hockey in this community. I was fortunate to be on great teams and created life-long friendships. As Hockey Director and Board Member, I want to ensure that the next generation has the same opportunity to enjoy the experiences and memories that I was able to have.

In my current role as Hockey Director, I have focused on player development and ice schedule improvements. Here are a few of the items accomplished these past two seasons.

- Developed a 3-year plan for practice schedule redesign. This schedule included consistent practice nights and times. In the final phase next season, all 10u and older teams will have 1-hour practice slots.
- Developed and implemented the “Monday Skills” practice concept. This has been integral to the player development model and has allowed for Skills Coach Claudia Kepler to work with all kids across all teams. This was expanded to 8u this season.
- Expanded our player development model to include goalie skills through Goaltending Coach Shane Connelly. His work with young goaltenders has been vital.

In conclusion, I believe it’s time to have a Board of Directors with more representation at the youngest levels of SPYHA. My proximity living in Prairie du Sac and my extensive hockey experiences will benefit the board of directors. I feel I have a lot to offer the board and would welcome the opportunity to serve.
