

ED Report 9.11.24

Have been working on:

Completed tryouts/evaluations/assessments for all divisions except 6U, which will happen on their first day of ice 9/28/24

Did not field a 12UG Minor team

Teams are registering for 907 and Termination Dust

Posted all SM/website updates as needed

12U-19U teams have been populated on the website. There will need to be some movement on the 14UB teams as we have had players drop to join the new 14UA AL team.

8U-10U teams should be uploaded on the website this week

Working with Sarah to get dryland times/dates figured out

Working on ice scheduling for Oct-Nov- at least the practice schedule- concern with as many comp teams-more teams coming here is leaving us with low ice on weekends for all teams.

Kim and I attended the Comp scheduling meeting.

I haven't seen anything official but scheduling should be Oct 13 for Major/Minor.

FTWW is not opening until Oct 22, which is a little later than we hoped, but we are glad they are offering ice. We may have to play games out there this year because Saturday ice is so tight. We may also look at scheduling games for 16U/18UB on weekdays.

Working with them to start getting our teams set for passes. Also talking with Officials about this.

16U/18UT2 and 16UA will all break for HS.

8U coordinator is Eric Madson

Angela is handling all jersey/clothing orders, have had some delays but working through them.

Sarah has had significant delays for hoodies but is close to a final design

Temporary plan for bumper pads developed, will be done before the 6U get on the ice

Closed registration for 12UB, 14UB, 18UB. 10UB is close to full and as soon as that is done, we will take down the B portal. 8U is also close to full.
