Players:

18UB lost 3 players due to a variety of reasons. We have 2 players that want to join that team.

Financials: I am working with a couple families that have asked for extensions due to home school reimbursement. There are a lot of players that are past due. I am trying to charge their CC's every week to catch some of the payments. Now that the 15th is past I will send out notices of their player's not being able to play when we return on Jan 4 without payment.

Continued discipline issues with a player on a 14UB team.

Closed registration portals for all divisions

Players/coaches at selects this weekend in Anchorage

Will start working on EOS ice- should be done early January. Waiting on the State for numbers for 12UB and if we will host 16UA.
