

Ice:

December game ice has been submitted to the rinks, will post on the website this week.

We have seen an increase in the number of our sheets that HS is using this season. I believe this is because most games have shifted from the 315 and 430pm start times that they have used in the past. It is definitely making an impact on practice and game ice. I am not sure how we address this differently next year. HS gets priority over youth hockey at all rinks so we really have no say but as HS hockey continues to grow, without additional ice in town, our program will need to adjust in the ice allocation we promise our teams. Between Nov and Dec we lost 16 weekend sheets and 26 weeknight sheets. Some teams/divisions are down to 1 sheet a week for the month of November.

Have scheduled Nov and Dec Girls Skills ice sessions for the Brianna Decker ice. We split up the sessions into 2 sheets with 8U/10 on one sheet and 12U and up on the other. I opened them up to HCF players first and they filled up so at this point we are not accepting registrations for any girls outside of HCF.

I am working on Jan-Mar practice schedule and hope to have it uploaded this week.

EOS dates for 12UB will be the first week of March and 14UB will be the end of Feb.

Goalvember will be Nov 29, we are hosting Delta, Healy and the Grizzlies between our 8U and 10U divisions. Leann is heading up both events. If you are in town and want to see lots of happy kids playing hockey come to the Dipper and/or Polar!

After Thanksgiving I will schedule FF ice.

Goalie Clinics are going well with lots of players registered

Dipper is flooding the outdoor rinks, they hope to have them ready next week.

In early December we should know how many teams are registered for 16UB and 14UA so I can get that ice scheduled.

Most teams will be on break from Dec 21-Jan 2.

Players/Coaches/Teams

We have closed registration in all divisions.

Teams are registering for PDI.

Registration for FF ends Nov 20.

I believe we are done with roster shuffling now.

Will the Board support sending both our 10UA and 10UA Girls teams to State?

Have applied the credits for those that have been selected to receive scholarships so far.

Have been sending out emails to Coaches about getting their CEP and Credits completed before the deadlines.

Have removed 2 coaches who have not completed their ASM, I have notified the HC/DM/AGC.

Still working on BC, have managers helping with the 10U and up, there are only a couple left there. I will start collecting 8U and below now.

Association

Concessions: internet is not working, have had a fix it ticket into ACS since mid-Oct. We lost power to one wall, Borough can't figure out where the breaker is for it to correct the issue. We have had more ID games than usual not covered by teams, we have other groups/teams working them over the next several weeks.

6U would like to purchase helmet pinnies, it will cost approx. \$180

Still working on ordering 8U/10U goalie gear.

Have been communicating with the Carlson Center in reference the upcoming Dipper closure. Emailed Matt Boyer for an update. Will report when he responds.

Advertised to Managers that we are looking for a new 50/50 Coordinator. One person has expressed interest.

I am communicating with MACFCU about the Military discount sponsorship.

Someone complained that FWA has bugs in the locker rooms. I emailed FWA and they sprayed all locker rooms/drains on Sunday.

HCF had another team violate the locker room policy. The HC reported the violation to me. He was suspended for 2 games. At his request I went and spoke with the team about the code of conduct and the USAH locker room policy.

We have 10 teams participating in out-of-town tournaments over Thanksgiving weekend.

First meeting with Comp financial managers went well. We will get another scheduled in early December.

Will release the Clubhouse Cleaning schedule again for sign ups for the second part of the season.

Putting up the Giving tree at the Dipper this week. Presents collected will go to Santas Clearing House.

Angela/Coaches are hosting several PEP Clinics over Christmas Break

Lincoln Rady would like to use our logo on products he is selling to fund IPA's

Clubhouse:

The gym area was not heating up past 55 degrees, Webster fixed it.

Kat is now handling Clubhouse reservations now, thank you Kat!

We have two lights that need to be fixed.

On Sarah's recommendations, I ordered new/replacement equipment
