

## **Membership of USA Water Polo**

Tiger Water Polo attends several water polo development and game opportunities for which membership of USA Water Polo is a requirement. For most opportunities a minimum of Bronze membership is sufficient.

Below are the instructions and link for joint USA Water Polo.

- 1) First create a USA Water Polo account via the link  
<https://usawaterpolo.org/index.aspx>

Click **Join Now** in the top right corner of the website and create account for child (using his/her name / email / etc)

After that, nothing happens, this just lets you into the site. You then have to go to add membership -> Then select membership type - again for most competitions *bronze* is sufficient.

When asked for a club name select ***Pittsburgh Water Polo PA 16633***

Complete following questions, phone, email, etc... Then complete the acceptance criteria (are you 18+ or acting on behalf of 18+) Then checkout.

- 2) Once you have an account set up, you need to complete birth date verification step.

- Click on the member
- Click on verification Documentation
- Click on +Add Verification Document
- DOB (Standard DOB Verification - Another \$5)

After verification you should be sent your membership number, please keep a note of this, you can also enter your number on your Tiger Water Polo profile. Please ensure you have uploaded a clear photo to your USAWP membership profile, this is needed when we create rosters for USAWP tournaments.
