

Adding other people to your child's Crossbar Registration

Add spouses, step-parents, or grandparents to my child's account so they can see their schedule and receive team notifications

You must be the registering parent to add people to your child's account.

1. Log in to your account
2. Select Account (upper left corner)
3. You should see Participants (the default tab)
4. Select "Profile" under player's name
5. Click on "+ ADD ACCOUNT"
6. Add the individual's email address in the form and click the ADD ACCOUNT button below.

What happens next?

1. If the individual already has an account, they will be added immediately.
2. If the individual does not have an account, then a verification email will be sent to them. They must click on the link to verify their email and then create an account by supplying their name, selecting a password and supplying a phone number. The individual will be added once they have created their account.
