

Tyler Adamek

Position Nominated For:

Mite/8U Director

Professional Experience:

This would be my first youth hockey director role.

Volunteer Experience:

Been coaching mites for 3 years now. Have helped with Mite evaluations every year. Also helped run a few mite practices when the leads were gone.

Why are you the best candidate?

I will have 2 mites again this year and possibly a junior river hawk next year. I have been coaching mites every year since my oldest started and plan to continue as my other kids skate through mites. I like to be involved as much as I can with youth hockey as it's a great passion of mine and think I'd be a great fit for this role. I've been looking for an opportunity to be more involved in the STMA youth hockey program and hoping to have this chance to do so.

Personal Interests:

Love the sport of hockey, love being at the rink and being involved in the youth hockey community.

Family & Player(s):

My wife (Samantha) and I have 3 kids, 2 of which will be gold and silver level boys mites next year. Our daughter would will be a junior river hawk either this coming fall or the next.

Anything Else You Wish to Share:

As a youth hockey parent that didn't have the opportunity to play organized hockey growing up but always loved the sport and watching it (also growing up on the ponds), I am really looking for the opportunity to learn and grow more knowledge of youth hockey. I enjoy being a coach, was head coach to my oldest team this year in mites and it has become my family's way of life now. Both my boys are doing spring hockey (MN Lakers) as well so it's always on our schedules. Would love the opportunity to get more involved as my kids continue to grow within the STMA hockey program.
