

Refund Policy

APPROVED BY

Board of Directors

EFFECTIVE DATE

2026-27

DATE APPROVED

July 13th, 2026

Players who miss a significant portion of the season due to documented medical, family, or extraordinary circumstances may request a prorated refund. Eligibility and calculation shall be determined by the Finance Committee. The final amount will be calculated as all payments made through the date of separation less the player's share of costs incurred to date. Such final amount due and/or refund eligibility will be calculated following the end of the hockey season, or as soon as possible thereafter with all other refund eligibility. Costs incurred to date consist of, but are not limited to, preseason skill clinics, tryouts, ice time (i.e., practices, scrimmages, games, etc.), tournaments attended, equipment expenses, coaching fees, referee fees, district fees, administrative expenses, etc.

A positive remaining balance may be refunded should the player remain in good standing and a negative remaining balance will be billed to the player's registration account holder. Additionally, unless an alternative payment plan has been established and properly adhered to in accordance with STMA YHA's Collection Policy, any player who has an outstanding balance at season end will not be eligible for any refund. Finally, any refund checks not cashed from prior years will under no circumstances be applied as credits to future fees, registration or otherwise. Any refunds sent for any reason will be sent electronically to Parent 1/Guardian 1 listed in registration and any inquiries or changes after checks are sent need to be made by that guardian.
