

CYHA Volunteer Hours Policy

Chippewa Youth Hockey Association (CYHA) as a volunteer organization provides an affordable opportunity for kids to skate and exercise while having fun with others. As part of this foundation, we strive to make this an economical cost by operating with volunteers who are dedicated to skating including hockey and figure skating through the years.

To operate and maintain the facilities, members are required each year to volunteer hours or pay a fee for those assessment hours based on the level of their skater. This need of support by volunteering for programs, fundraising and day to day operations is critical to the health and growth of our organization.

The following objectives of Volunteer Hours are:

- Minimize the burden of time of a small number to a broader base of volunteers
- To drive revenue for the rink and fulfill contract obligations (Ice Renters)
- To create an environment that encourages families to feel a sense of pride and ownership in CYHA programming and facilities

Volunteer and Team Responsibilities

Operating a skating rink takes an enormous amount of time and resources which is entirely done by volunteers. Volunteer hours may be required for registered skaters of CYHA/CFSC. The number of hours required is calculated per skater and is calculated based on the age-appropriate level that skater registered for that season. The maximum number of hours per family is 50 hours per season.

For families who wish to not work their volunteer assessment hours, a “buy out” option is available with the amount listed in the Fee column but must be paid in full at time of registration to receive the \$20 buyout rate. Any unworked assessment hours as of August 15th will be assessed \$30 per hour.

It is the responsibility of the CYHA/CFSC Member to ensure their hours are correct throughout the season and to have any questions regarding their hours submitted and resolved by August 15th of each year. Any hours not recorded as of August 15th will be considered unworked and billed at the rate of \$30/hour. The volunteer hour year runs August 1st – July 30th. Hours do not carry over from year to year and any hours worked more than the required hours are lost.

Exceptions to Policy

Any exceptions to this policy must be requested, in writing, to the CYHA President. Once received, the CYHA President will review and either make the decision or discuss with the Board at their discretion. The decision of the Board is final.
